Annual Report

2016-2017

Dear Shareholders,

It's a remarkable year for Royal Orchid as the profits of our Company in the current year 2016-17 has increased by 32% as compared to previous year 2015-16 and the Company also paid an interim dividend at the rate of 10% after a gap 5 years from the last dividend declared by the Company for the year 2010-11.

We see a robust outlook for the hospitality industry and for Royal Orchid in the current financial year mainly due to limited supply of new properties and various initiatives undertaken by the government to promote tourism especially in tier-II and tier-III cities. We have swapped the loans of the Parent Company, Ksheer Sagar Developers Pvt. Ltd., & Icon Hospitality Pvt. Ltd., for a longer tenure & lower interest rates. This will improve the profitability & liquidity of the companies. Your company has taken up skill development in a large way, all our associates are being trained under American Hotel & Lodging Association (AHLA) courses. This will result in enhancement of the services across the board.

Three years back we decided to adopt the asset-light strategy and we started aggressively for getting management contracts. Just to give an idea, in the last one year, we have added about 8 hotels having 374 rooms and this trend will continue over the next couple of years. Today we have about 43 hotels in our portfolio, out of which 10 are owned/leased hotels and 33 are managed hotels. We plan to go up to 45 managed hotels in the next one year. This strategy is working well and we are finding that, on a standalone basis, this subsidiary, which runs all of these managed hotels, has crossed the breakeven level and has turned profitable this year. So, I think going forward this is only going to grow.

With a consistently growing middle class and increasing disposable income, the tourism and hospitality sector is witnessing a healthy growth and accounts for 7.5 per cent of the country's GDP. According to a report by KPMG, the hospitality sector in India is expected to grow at 16.1 per cent CAGR to reach Rs. 2,796.9 crores in 2022. The hospitality sector encompasses a wide variety of activities within the services sector and is a major job provider both direct and indirectly. The sector attracts the most FDI (Foreign Direct Investment) inflow and is the most important net foreign exchange earners for the country. It also contributes significantly to indirect tax revenue at the state and central level which includes revenues from VAT, Service Tax, and Luxury Tax etc.

The development in the hospitality sector and its commitments to the GDP will keep on being generously higher than different areas of the economy on the back of enormous tourism potential in the nation. However, the hospitality sector is one of the most heavily taxed industries and is saddled with multiple layers of tax such as VAT, service tax, luxury tax, etc. ranging from 20 per cent - 30 per cent. While the operationalization of the highly anticipated GST administration is relied upon to defend the tax collection structure, carry a positive result with streamlined assessments, improve simplicity of working together and lower cost for customers, there is a critical requirement for bringing down the expense exacted, to boost and draw in more investment to the part.

Our Company has a healthy balance sheet, 43 hotels having an inventory of 3,159 rooms and 1,24,469 Royal reward members spread across 28 cities in 10 states. A major part of the flagship hotel has been renovated; Royal Orchid Central and Ramada Bangalore have been upgraded. This will result in better revenues in times to come. All this would not have been possible without the excellent work done by the Management team, duly supported by all the employees. Please join me in congratulating every employee in Royal Orchid Group for this performance in 2016-17 and also in encouraging them to do even better in the future.

I would like to thank all our shareholders, employees, travel partners in believing in us and being a part of our journey so far. We promise to remain committed to deliver outstanding results of our company through focus and execution and build enhanced value for all our shareholders.

With warm regards.

Litigation

1. The Company has been named as a defendant in two civil suits on small portion of land taken on lease from the Karnataka State Tourism Development Corporation ("KSTDC") for the operation of the Hotel Royal Orchid, Bangalore, which are adjacent to the hotel premises. One of the civil suit has been settled in favour of the Company, against which an appeal before the High Court of Karnataka, is pending and in the other matter the Company has an injunction against the other party. Management believes that these cases are not material and will not adversely affect its operations.
2. The Company has been named as a defendant in a suit filed in mid2008 by Kamat Hotels (India) Limited ('the plaintiff') restraining the alleged use of the trademark of the Company and a relief of a permanent injunction restraining the Company from using the trademark 'Orchid'. The Company had filed an application seeking an interim injunction while the above proceedings are pending. The Bombay High Court vide its interim order dated April 05, 2011, has allowed the Company to continue to operate its current hotels as on that date but has restrained the Company from opening new hotels under the said brand. However, the Division bench of the Bombay High Court vide its order dated May 06, 2011 has partially stayed operation of the said Order and allowed opening of one of Company's proposed hotels in Vadodara under the 'Royal Orchid' brand. During the year ended 31 March 2014, the Company has obtained two favourable rulings from the Intellectual Property Appellate Board. Kamat had preferred to appeal the ruling of IPAB in Madras High Court. The Madras High Court has passed orders cancelling the registration in Class 42 and the Company has filed an Special Leave Petition "SLP" in the Supreme Court in 2015. Reply to SLP was filed by Kamat in the form of Counter affidavit and the Company has filed a Rejoinder in the form of an affidavit. The matter was partly heard by the Supreme Court in April and May of 2017 and has advised Kamat Hotels to consider the options for settlement by displaying the disclaimers on the Websites regarding the disassociation between the two brands. The matter is yet to be completely heard by Supreme Court.

Based on an independent legal advise, the management believes that the case will be settled in its favour and will not affect its current and future operations.

Details of significant and material orders passed by the regulators/ courts/ tribunals impacting the going concern status and the Company's operations in future

There were no significant material orders passed by the Regulators/Courts which would impact the going concern status of the Company and its future operations.

Management Discussion and Analysis

GLOBAL ECONOMY

The world economy grew at a stable pace of 3.1% in CY 2016, aided by recovery in emerging economies particularly commodity exporters, while growth in developed markets remained modest. Increase in oil prices along with other major commodities like iron ore and copper aided recovery in global trade towards the end of CY 2016. The uptick in global trade was led by pickup in import demand in Asia and US which augurs well for underlying demand trends. While global growth was stable, markets were focused on geopolitical developments with change in leadership in the USA, and the UK working on modalities around its exit from the European Union. Activity rebounded in the USA after a weak first half of CY 2016, as the economy approaches full employment. The US Federal Reserve continued with the interest rate normalisation cycle in FY 2016-17 by increasing rates twice, in Dec 2016 and Mar 2017. The global low interest rate and abundant liquidity cycle is likely to slowly normalise.

World Tourism

In 2017, the travel & tourism industry continues to make a real difference to the lives of millions of people by driving growth, creating jobs, reducing poverty and fostering development and tolerance. For the sixth consecutive year, industry growth outperforms that of the global economy, showcasing the industry's resilience in the face of global geopolitical uncertainty and economic volatility. The industry contributed US \$ 7.6 trillion to the global economy (10.2% of global GDP) and generated 292 million jobs (1 in 10 jobs on the planet) in 2016. International arrivals followed suit, reaching 1.2 billion in 2016, 46 million more than in 2015. These promising figures are expected to continue increasing in the coming decade.

The theme of this year's Travel & Tourism Competitiveness Report: Paving the Way for a More Sustainable and Inclusive Future, highlights the travel and tourism industry's commitment to be a force for good in an era marked by jobless growth, growing concerns of a "green-less" future and mounting fears of isolationism and nativism. With a forecasted 1.8 billion international tourists by 2030, the industry has the potential to play a key role in creating high-quality employment opportunities, act as a vehicle to protect and restore our planet's biodiversity and help build bridges between people and cultures.

Research shows that for every 30 new tourists to a destination one new job is created; and already today, the travel and tourism industry has almost twice as many women employers as other sectors. Accounting for 30% of world services exports, and the largest export category in many developing countries, the industry is a tremendous employment generator. Yet research suggests that the industry's potential could be hindered—and 14 million

jobs could be at risk—if governments and the private sector do not address the talent shortage in the industry. If properly managed, the T&T sector can continue to be a contributor to inclusive growth, given the relatively low barriers required to provide services and start a business related to tourism.

INDIAN ECONOMY

On the domestic front, India remained the fastest growing major economy in the world, after surpassing China last year. Gross Domestic Product growth rate was 7.1% for FY 2016-17, supported by strong consumption growth and government spending. Inflation eased sharply led by a decline in food inflation amidst government's astute food management, facilitating a 50 basis points rate cut by the RBI in FY 2016-17 before it adopted a neutral stance. Diminishing vulnerabilities on the external and fiscal front with Apr-Dec. FY 2016-17 current account deficit at 0.7% of GDP and government's commitment to fiscal consolidation reinstated investor confidence in the economy, resulting in record Net Foreign Direct Investment of US \$ 35.9 billion in FY 2016-17. FY 2016-17 was also marked by two significant economic measures by the government. Government's demonetisation move to counter the shadow economy and promote cashless economy has boosted digital payments in the country. The economic reform process initiated by the Government would further help boost India's position in the global arena. This year has been marked by several historic economic policy developments. On the domestic side, a constitutional amendment paved the way for the long-awaited and transformational goods and services tax (GST) while demonetisation of the large currency notes signalled a regime shift to punitively raise the costs of illicit activities.

The policy initiatives starting first with demonetisation, a radical governance-cum-social engineering measure was enacted on November 8, 2016. The two largest denomination notes, ₹500 and ₹1000 together comprising 86 percent of all the cash in circulation were "demonetised" with immediate effect, ceasing to be legal tender except for a few specified purposes. These notes were to be deposited in the banks by December 30, 2016 while restrictions were placed on cash withdrawals. In other words, restrictions were placed on the convertibility of domestic money and bank deposits. The aim of the action was fourfold: to curb corruption, counterfeiting, the use of high denomination notes for terrorist activities, and especially the accumulation of "black money", generated by income that has not been declared to the tax authorities. Demonetisation was aimed at signalling a regime change, emphasizing the government's determination to penalize illicit activities and the associated wealth. In effect, the tax on illicit activities as well as on legal activities that were not disclosed to the tax authorities was sought to be permanently and punitively

Management Discussion and Analysis *(continued)*

increased. The broad conclusion is that demonetisation will create short-term costs and provide the basis for long run benefits. These costs are transitory, and may be minimised in recorded GDP because the national income accounts estimate informal activity on the basis of formal sector indicators, which have not suffered to the same extent. But the costs have nonetheless been real and significant.

At the same time, demonetisation has the potential to generate long-term benefits in terms of reduced corruption, greater digitalization of the economy, increased flows of financial savings, and greater formalization of the economy, all of which could eventually lead to higher GDP growth, better tax compliance and greater tax revenues.

The government has made great progress in improving redistributive efficiency over the last few years, most notably by passing the Aadhaar law, a vital component toward realizing its vision of JAM. (The pilots for Direct Benefit Transfers in fertilizer represent a very important new direction in this regard.) At the same time, prices facing consumers in many sectors are yet to move closer toward market levels. Even on the GST concerns about ensuring low tax rates for essentials, risks creating an unduly complicated structure with multiple and excessively high peak rates, thereby foregoing large services efficiency gains.

These actions would allow growth to return to trend in 2017-18, following a temporary decline in 2016-17. Looking further ahead, societal shifts in ideas and narratives will be needed to overcome three longstanding meta-challenges: inefficient redistribution, ambivalence about the private sector and property rights, and improving but still-challenged state capacity. In the aftermath of demonetisation, and at a time of gathering gloom about globalisation, articulating and embracing those ideational shifts will be critical to ensuring that India's sweet spot is enduring not evanescent. Unlike last year, there is more cyclical weakness on account of demonetisation. Moreover, the government has acquired more credibility because of posting steady and consistent improvements in the fiscal situation for three consecutive years, the central government fiscal deficit declining from 4.5 percent of GDP in 2013-14 to 4.1 percent, 3.9 percent, and 3.5 percent in the following three years. But fiscal policy needs to balance the cyclical imperatives with medium term issues relating to prudence and credibility.

Another area of reform relates to labour. Given the difficulty of reforming labour laws per se, the thrust could be to move towards affording greater choice to workers which would foster competition amongst service providers. At the same time, there could be a gradual move to ensure that at least compliance with the central labour laws is made paperless, presence less, and cashless.

Hospitality & Tourism Sector in India:

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the services sector in India. Tourism in India has significant potential considering the rich cultural and historical heritage, variety in ecology, terrains and places of natural beauty spread across the country. Tourism is also a potentially large employment generator besides being a significant source of foreign exchange for the country. The industry is expected to generate 13.45 million jobs across sub-segments such as Restaurants (10.49 million jobs), Hotels (2.3 million jobs) and Travel Agents/ Tour Operators (0.66 million). The Ministry of Tourism plans to help the industry meet the increasing demand of skilled and trained manpower by providing hospitality education to students as well as certifying and upgrading skills of existing service providers. India has moved up 13 positions to 52nd rank from 65th in Tourism & Travel competitive index.

Tourism and hospitality is included as one of the 25 focus sectors under the government's 'Make in India' initiative, which aims to 'transform India into a global design and manufacturing hub. The Ministry of Tourism (MoT) is focusing on driving tourism through branding and promotional campaigns, such as 'Incredible India' and 'Atithi Devo Bhava'. The 'Tourist Visa on Arrival (TVOA) scheme' was extended to 161 countries last year to promote international inbound tourism.

Tourism in India is the third largest foreign exchange earner of the country. The booming tourism industry has had a cascading effect on the hospitality sector with an increase in the occupancy ratios and average room rates.

As per world travel and tourism Council (WTTC), India is one of the favourite tourist destinations and will continue to be one of the favourite till 2018. Further, the Travel and Tourism Competitiveness Report by World Economic Forum, has ranked India at the sixth place in tourism and hospitality. The tourism and hospitality sector is among the top 10 sectors in India to attract the highest Foreign Direct Investment (FDI).

With a rise in online competition, popular models have come up with online travel agents (OTAs) offering a single marketplace for all travel-related needs. There are also seen meta search engines like TripAdvisor and Make My Trip, that operate like travel discovery platforms. Further, online accommodation reservation services like Oyo Rooms have gained popularity. Apart from this, branded hotels are seen operating direct bookings through their websites.

Apart from the above, the Indian government has realised the country's potential in the tourism industry and has taken several steps to make India a global tourism hub. The "Clean India"

campaign and development of inland waterways for transport and tourism are projects that have gained momentum over the previous year. Additionally, programmes such as “Make in India” and the “Smart Cities” initiative have highlighted the Government’s support to skill development and investments in Hospitality and Tourism.

India is also one of the most improved nations, gaining 12 places to reach the 40th position globally. The country has seen continued growth in international arrivals over the past 15 years, reaching the 8 million mark in 2015. India continues to charm international tourists with its vast cultural and natural resources (9th and 24th, respectively), and its price competitiveness advantage (10th). India continues to enrich its cultural resources, protecting more cultural sites and intangible expressions through UNESCO World Heritage lists, and via a greater digital presence. International openness (55th, up 14 places), through stronger visa policies implementing both visas on arrival and e-visas, has enabled India to rise through the ranks. The T&T sector benefited from improvements in the country’s ground transport infrastructure, which has traditionally been a challenge (29th). Health conditions are improving, though they remain inadequate (104th). Similarly, ICT readiness (112th), security concerns (114th) and human resources (87th) are improving, but remain weak. While further improvements are needed across these dimensions, India is taking small but important steps in the right direction. The Indian T&T sector presents significant opportunities that are yet to be reaped, especially in the provision of tourist service infrastructure (110th), and in terms of additional accommodation capacity, entertainment facilities and related services.

Travel & Tourism’s Contribution to Employment

Travel & Tourism generated 25,394,500 jobs directly in 2016 (5.8% of total employment) and this is forecast to grow by 2.1% in 2017 to 25,925,500 (5.8% of total employment). This includes employment by hotels, travel agents, airlines and other passenger transportation services (excluding commuter services). It also includes, for example, the activities of the restaurant and leisure industries directly supported by tourists.

By 2027, Travel & Tourism will account for 31,910,000 jobs directly, an increase of 2.1% pa over the next ten years.

Travel & Tourism’s Contribution to GDP

The direct contribution of Travel & Tourism to GDP in 2016 was INR 4,809.8bn (3.3% of GDP). This is forecasted to rise by 6.9% to INR 5,141.1bn in 2017. This primarily reflects the economic activity generated by industries such as hotels, travel agents, airlines and other passenger transportation services (excluding commuter services). But it also includes, for example, the activities of the restaurant and leisure industries directly supported by tourists.

The direct contribution of Travel & Tourism to GDP is expected to grow by 6.8% pa to INR 9,948.5bn (3.5% of GDP) by 2027.

Market Size

India’s rising middle class and increasing disposable incomes has continued to support the growth of domestic and outbound tourism. Domestic Tourist Visits (DTVs) to the States/Union Territories (UTs) grew by 15.5 percent y-o-y to 1.65 billion (provisional) during 2016 with the top 10 States/UTs contributing about 84.2 percent to the total number of DTVs, as per Ministry of Tourism.

India is expected to move up five spots to be ranked among the top five business travel market globally by 2030, as business travel spending in the country is expected to treble until 2030 from US \$ 30 billion in 2015. International hotel chains will likely increase their expansion and investment plans in India, and are expected to account for 50 percent share in the Indian hospitality industry by 2022, from the current 44 percent.

Foreign Tourist Arrival (FTA)

Number of Foreign Tourist Arrivals has grown steadily around 10 million during the year 2016 at a growth rate of 25% as compared to 8.02 million in the corresponding previous year of 2015.

Foreign Exchange Earning (FEE)

The total Foreign Exchange earned from Tourism during the year 2016 was in INR 2,01,960 Crores with a growth rate of 29% as compared to INR 1,35,193 Crores in the corresponding previous year of 2015. The Foreign currency earned from tourism during the year 2016 was USD 30.05 Billion as compared to previous year, 2015 was USD 21.07 Billion.

Investments

The tourism and hospitality sector is among the top 10 sectors in India to attract the highest Foreign Direct Investment (FDI). During the last 15 years the hotel and tourism sector attracted around US\$ 9.93 billion of FDI, according to the data released by Department of Industrial Policy and Promotion (DIPP). With the rise in the number of global tourists and realising India’s potential, many companies have invested in the tourism and hospitality sector. Some of the recent developments in this sector are as follows:

- As per industry experts, mid-hotel segment in India is expected to receive investments of ₹6,600 crore (US \$ 990 million) excluding land over next five years
- The first Incredible India Tourism Investment Summit 2016, which was organised from September 21-23, 2016, witnessed signing of 86 Memoranda of Understanding (MoUs) worth around ₹15,000 crore (US \$ 2.24 billion), for the development of tourism and hospitality projects.

Medical Tourism

The country is witnessing 22-25 percent growth in medical tourism and healthcare providers expect the industry will double to \$6 billion by 2018 from \$3 billion now.

The government provides online visas, multiple entries, extensions of stay, and accreditation to more hospitals. Several other measures are under way, according to the Indian Medical Association (IMA). The chain received 170,000 foreign patients from 87 countries during 2016-17.

Government's Initiatives

The Government is taking several initiatives to encourage domestic as well as international tourism. These include policy/regulatory changes, infrastructural developments and promotional efforts.

- Tourism and hospitality is included as one of the 25 focus sectors under the government's 'Make in India' initiative, which aims to 'transform India into a global design and manufacturing hub'.
- The government has allowed 100 per cent FDI under the automatic route in the tourism and hospitality sector, including tourism construction projects such as development of hotels, resorts and recreational facilities.
- The Ministry of Tourism (MoT) is focussing on driving tourism through branding and promotional campaigns, such as 'Incredible India' and 'Atithi Devo Bhava'.
- The government is encouraging local involvement in tourism by promoting homestays; it is also urging the states to make the licensing process easier for homestays.
- Striving to improve the ease of doing business, the MoT has set up a website for online recognition of travel trade service providers.
- In October 2016, the government set up a task force for adventure tourism to resolve challenges related to the segment's development and promotion in the country.
- The MoT continues to promote tourism through bilateral/ tripartite agreements and Memoranda of Understanding (MoUs) with other countries and international organisations; India currently has 48 such agreements in place.
- In February 2016, the government launched the 'Swachh Paryatan' mobile application, which allows citizens to lodge complaints about uncleanliness in areas around selected monuments protected by the Archaeological Survey of India (ASI) 18.
- Over the past few years, the MoT, in collaboration with state / UT administrations, has been working on getting tourist police deployed at prominent tourist spots in the country.

- In 2016, the government announced the National Civil Aviation Policy (NCAP), which aims to improve regional air connectivity, make air travel affordable, simplify the processes and deregulate the industry.
- The 'Tourist Visa on Arrival (TVOA) scheme' was extended to 161 countries last year to promote international inbound tourism. A thorough and continued effort is required over the next few years to bring significant improvements in the tourism infrastructure across the country; initiatives in this aspect could lead to sustainable tourism at major spots, creation of quality and affordable transportation, and development of niche products, such as adventure and spiritual tourism.
- The government can look to incentivise private sector involvement in tourism infrastructure development to accelerate growth it is also expected to act upon the NCAP announced in 2016, and improve the regional air connectivity by putting to use the underserved airports and developing new ones in tier-II and tier-III cities.
- While there have been efforts to improve the ease of doing business, there is still a significant scope for betterment in this area; uniformity and consistency in regulatory processes across the states through implementation of initiatives, such as single window clearance, could help achieve that objective.
- The safety of foreign as well as domestic travellers is a serious concern that needs to be addressed promptly; the states that have not deployed tourist police need to take this up on priority, and the ones that already have done so need to monitor and improve its effectiveness.

OUTLOOK

With a consistently growing middle class and increasing disposable income, the tourism and hospitality sector is witnessing a healthy growth and accounts for 7.5 percent of the country's GDP. It is expected to grow at 16.1 per cent Compound Annual Growth Rate (CAGR) to reach INR 2,796.9 thousand crore in 2022. The sector generates a significant amount of direct as well as indirect employment, and is also one of the key foreign exchange earners for the country. There are several factors that drive the market, including India's attractiveness as a medical tourism destination; steadily growing Meetings, Incentives, Conferences and Exhibitions (MICE) segment; and, an increasing preference among millennial to travel. However, the sector also faces several challenges in terms of high taxation, complex regulatory environment and inadequate tourism infrastructure.

The Company is well prepared to capitalize on the opportunities created in the Tourism and Hospitality sector due to growth in economy and initiatives by the government. The company is

taking steps to renovate the rooms and build additional halls at various hotels in the group to cater to the increasing demand. We will continue with the strategy of asset light model with management contracts as it helps in improved profitability. We are confident that the current year will be a remarkable year for Royal Orchid in laying the foundation for next phase of growth and returning back to profitability.

Risk and Concerns

- The indirect tax levied on the tourism and hospitality sector's offerings in India is considerably higher at 18–25 percent than that levied by some of the major tourist destinations globally, where it is below 10 percent.
- The tourism infrastructure at several major tourist destinations in India is inadequate to support sustainable tourism; the primary areas of concern include poor and unsafe road transportation, insufficient regional air connectivity, unsanitary conditions and safety of travellers.
- Tourism and hospitality is a labour-intensive sector, and the country's complex labour laws at the centre as well as at the state level affect the existing and new businesses trying to enter the Indian market.

Internal Control Systems and adequacy

The Company has placed strict Internal Control Systems across various functions which are adequate and commensurate with the size of the operations. The operations of each of the individual hotel units are continuously monitored on a daily basis by various functional heads and a well structured Management Information System Report facilitates speedy identification and correction of deviations occur, if any.

Under the guidance and reference of the Audit Committee of Directors, an independent Company conducts the internal audits on concurrent basis across all the units of the Company and reports generated are reviewed at every meeting of Audit Committee of Directors. The Audit Committee of Directors reviews the scope and extent of audit functions through periodical discussions with the Company's Statutory and Internal Auditors and advises the modifications / improvements in the same, as and when required.

Corporate Governance Report

CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED MARCH 31, 2017

I COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

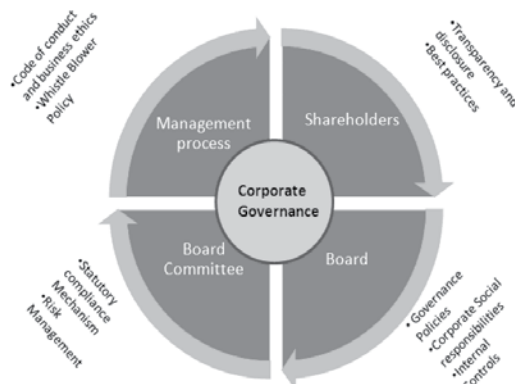

Royal Orchid Hotels Limited (hereinafter referred to as "ROHL" or "your Company"), observes the Corporate Governance principles and practices as key to sustainable corporate growth and long term shareholders' value creation. ROHL, it's Subsidiaries and Joint Venture companies, as a group values and believes in excellence in Corporate Governance as a good corporate citizen and is committed to ethical corporate practices based on conscience, openness, fairness, professionalism and accountability, for the benefit to its stakeholders and for its long term success.

Your Company believes in maintaining the highest standards of corporate governance, not only in form but also in substance by incorporating highest levels of transparency, accountability and equity in all facets of its operations and in all its transactions with its stakeholders, including its Employees, Customers, Shareholders, Vendors, supporting agencies, Government, and society at large. The corporate governance philosophy of the Company has been further strengthened with the adoption of the Code of Conduct, Whistle Blower Policy, CSR Policy, and Code for Prohibition of Insider Trading and such other policies. We have summarized the same in this Corporate Governance Report.

Good corporate governance is about maximizing shareholder(s) value on a sustainable basis while ensuring fairness to all stakeholders: customers, vendor-partners, investors, employees, government and society.

ROHL's Corporate Governance philosophy is based on the following ideologies:

- ❖ Ensure transparency, high degree of disclosure, and good practices in our operations;
- ❖ Openness in communication externally and internally with all stakeholders;
- ❖ Maintain high standards of clean, healthy and safe environment;
- ❖ Institutionalize Corporate Governance at all levels within the Company with best practices, policies and procedures;
- ❖ Act in the spirit of the law and not merely the letter of the law.

1. THE 4 TIER GOVERNANCE STRUCTURE AT ROHL

Corporate Governance philosophy is put into practice at ROHL group through the following four layers, namely,

- ❖ Governance by Board of Directors,
 - ❖ Governance by Sub-committees of Board of Directors,
 - ❖ Governance through Management process, and
 - ❖ Governance to Shareholders.
- i. The Shareholders appoint the Board of Directors and authorizes the Board to conduct the business and ensure accountability to all the stakeholders.
 - ii. The Board of Directors is responsible for the vision, strategy and good governance of the Company. The Board ensures good returns to the Stakeholders through strategic management.
 - iii. The Committees of the Board are responsible to set governance policies and principles and overview the internal controls of the Company.
 - iv. The Executive Management, appointed by the Board is responsible for day to day management of the Company in line with the strategies and principles set by the Board.

2. GOVERNANCE BY BOARD

Nomination and Remuneration Committee –

1. Brief Terms of Reference and Performance evaluation and Payment criteria for Directors and Independent Directors:

The Company's remuneration policy is driven by the success and performance of the individual employees and the Company. Our compensation philosophy is to align Directors and employee compensation with our business objectives, so that compensation is used as a strategic tool that helps us recruit, motivate and retain highly talented individuals who are committed to our core values. We believe that our compensation programs are integral to achieving our goals. Through its compensation programme, the Company endeavours to attract, retain, develop and motivate a high performance workforce. The Company follows a compensation mix of fixed pay, benefits and performance based variable pay. Individual performance pay is determined by business performance of the Company.

The Nomination and Remuneration Committee recommends the remuneration, including the commission based on the net profits of the Company for the Directors and Senior Management Personnel. This recommendation is then approved by the Board and Shareholders for payment of remuneration to Executive Directors and Senior Management Personnel.

III. GOVERNANCE THROUGH MANAGEMENT PROCESS

Empowerment and Control:

Royal Orchid's Board believes that it is essential for effective corporate governance; management must have the freedom to drive the business forward. The Board believes in this principle and has vested the decision-making powers at the most appropriate levels in the organizational hierarchy. It is the core principle of corporate governance that while the Board of Directors are accountable to the shareholders, the management is accountable to the Board. With an optimum combination of the empowerment with accountability, it would lead to improved effectiveness, thereby enhancing shareholder value. The aforesaid would not yield any results without adequate control which is necessary and thus freedom of management should be exercised within a framework of appropriate checks and balances. Control should prevent misuse of power, facilitate timely management response to change, and ensure that business risks are pre-emptively and effectively managed.

Risk Management:

Your Company has a well established risk management process and framework for all hotels and managed properties across India and overseas.

Independent Auditors' Report

To the Members of Royal Orchid Hotels Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **ROYAL ORCHID HOTELS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under Section 143 (11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

Independent Auditors' Report *(continued)*

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses a unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - (iv) The Company has provided requisite disclosures in the standalone financial statements as regards its holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November 2016 of the Ministry of Finance, during the period from 8th November 2016 to 30th December 2016. Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the books of account maintained by the Company and as produced to us by the Management.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ROYAL ORCHID HOTELS LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company as of and for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls

Independent Auditors' Report *(continued)*

system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements

1 Background

Royal Orchid Hotels Limited ('the Company') is a public company and is domiciled in India. The Company was incorporated in 1986. The shares of the Company are listed on Bombay and National stock exchange in India. The Company is engaged in the business of operating and managing hotels/resorts and providing related services, through its portfolio of hotel properties across the country.

2 Operational outlook

The Current liabilities of the Company exceed its current assets by ₹42.89 millions as at 31 March 2017 and the Company is committed to provide financial and operational support to one of its subsidiaries. In view of its plans for improving operational cash flows through cost synergies, exploring avenues of enhancing revenues, disposing off certain investments etc., the management is confident of further improving and maintaining sustainable operating cash flows and accordingly the statement is prepared and presented on a going concern basis, which contemplates realization of asset and settlement of liabilities in the normal course of business.

3 Summary of significant accounting policies

(a) Basis of preparation

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

(b) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

(c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Income from services

Revenues comprise income from the sale of room nights, food, beverages and allied services during a guest's stay at the hotel. Room revenue is recognised based on occupation and revenue from sale of food, beverages and other allied services, as the respective services are rendered with reasonable certainty of ultimate collection. Other revenues are recognised as and when the services are performed or the right to receive claim is established, with reasonable certainty for ultimate collection. Rebates and discounts granted to customers are reduced from revenue.

Income from management and technical services are recognised as the services are rendered based on the terms of the contract.

Unbilled revenues represent revenues recognised which have not been billed to the customers at the Balance Sheet date.

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.

(d) Tangible assets

Fixed assets are stated at the cost less accumulated depreciation and impairment losses, if any. The cost of comprises purchase price and other costs directly attributable to bringing the assets to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Notes to financial statements *(continued)*

3 Summary of significant accounting policies *(Cont'd)*

(d) **Tangible assets** *(Cont'd)*

Advances paid towards the acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as 'capital advances' under long-term loans and advances. The cost incurred towards fixed assets, but not ready for their intended use before each Balance Sheet date is disclosed as 'capital work-in-progress', if any.

(e) **Depreciation and amortisation**

Depreciation on fixed assets is calculated on the straight-line basis using the rates arrived at based on the useful lives estimated by the management. The Company has used the following rates to provide depreciation on its fixed assets, as per the indicative useful life prescribed in Schedule II to the Companies Act, 2013.

Leasehold building (including improvements) is amortised on a straight-line basis over the period of the lease.

Asset category	Useful Life (years)
Plant and equipment	15
Furniture and fixtures	8
Vehicles	6
Office equipment	5
Computer equipment	3

(f) **Borrowing costs**

Borrowing cost directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sales are capitalised as part of the cost of respective assets. All other borrowing cost are expensed in the period they occur.

(g) **Impairment of assets**

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

(h) **Investments**

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

On disposal of an investment, the difference between the carrying value and net disposal proceeds is charged or credited to the statement of Profit and Loss.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis.

Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the long-term investments.

Notes to financial statements *(continued)*

3 Summary of significant accounting policies *(Cont'd)*

(i) Inventory

Inventory comprises food, beverages, stores and spare parts and are valued at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the goods to their present location and condition and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

(j) Foreign currency transactions

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Foreign currency monetary items (other than derivative contracts) of the Company, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

Exchange differences arising on settlement/restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

(k) Leases

Where the Company leases land and buildings along with related assets as a part of a combined lease arrangement, the Company determines whether these assets acquired are integral to the land and building. If these assets are integral, the Company analyses the nature of the lease arrangement on a combined basis for all assets. If the assets are not integral to the land and building, the Company evaluates each asset individually, to determine the nature of the lease.

Finance leases

Leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value of the leased property and present value of the minimum lease payments at the inception of the lease term. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, capitalised leased assets are depreciated on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term.

Operating leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis.

(l) Employee benefits

Employee benefits include provident fund, employee state insurance scheme, Labour Welfare fund, gratuity and compensated absences.

Defined Contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Company operates a defined benefit plan for its employees, viz., gratuity liability. The cost of providing benefits under gratuity plan is determined on the basis of actuarial valuation at each year-end using projected unit credit method. Actuarial gains and losses are recognized in full in the year in which they occur in the Statement of Profit and Loss.

Short-term and long-term employee benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Notes to financial statements *(continued)*

3 Summary of significant accounting policies *(Cont'd)*

(l) Employee benefits *(Cont'd)*

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

(m) Tax expense

Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred tax

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realised against future taxable profits.

Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably/virtually certain that future taxable income will be available against which such deferred tax assets can be realised.

(n) Earnings per share

Basic earnings/(loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings/(loss) per share, the net profit or loss for the year attributable to the equity shareholders' and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(o) Provisions and contingent liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Notes to financial statements *(continued)*

Summary of significant accounting policies *(Cont'd)*

(p) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(q) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(r) Operating cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Notes:

- (i) The Company had availed an Indian Rupee term loan from Tourism Finance Corporation of India Limited (TFCIL) for ₹500 million during December 2014 towards repayment of existing term loans availed from banks/financial institution and for renovation of Hotel Royal Orchid, Bangalore ('the hotel').
The loan is secured by exclusive first charge on all the fixed assets of the hotel and mortgage of leasehold rights of land alongwith the hotel building, both present and future. Further, the loan is secured by a first charge by way of hypothecation of all the movables pertaining to the hotel. Additionally, the loan is secured by a personal guarantee of Mr. Chander K. Baljee, Managing Director.
The term loan is repayable in 36 quarterly instalments commencing from 15 October 2015, which ranges from ₹12.5 million - ₹15.5 million and bear annual interest rate at TFCIL Base Rate (currently at 12.25%) plus 1.25% i.e. 13.50% (31 March 2016: TFCIL Base Rate 12.75% plus 1.25% i.e. 14%).
- (ii) Vehicle loans are secured by hypothecation of the vehicles concerned and bear interest rate of 10% - 12% p.a. The aforesaid vehicle loans are repayable in monthly installments, commencing from July 2010 till November 2020.
- (iii) The amount of term loans where instalments are due within one year have been classified as "current maturities of long-term debt" under other current liabilities. (refer Note 12)
- (iv) Based on the terms revised during the year, the unsecured loans are repayable in April 2018 and bear an interest rate of 18% p.a.

31. Operating leases

The Company has taken various hotel properties and offices on cancellable and non-cancellable leases, which have tenures ranging from 11 months to 15 years. Some of these leases have periodical escalation in lease rentals and/or a share of annual revenues from such properties, in excess of pre-agreed limits.

The lease expense for cancellable and non-cancellable operating leases recognised during the year ended 31 March 2017 is ₹ 96,546,223 (31 March 2016: ₹103,070,530).

The details of lease commitments in terms of minimum lease payments within the non-cancellable period are as follows:

	As at 31 March 2017 ₹	As at 31 March 2016 ₹
Payments falling due:		
Within 1 year	47,023,034	50,981,814
Later than one year but not later than five years	65,583,333	100,273,034
Later than 5 years	4,166,667	16,500,000
Total	116,773,034	167,754,848

32. Commitments and contingencies

a) Litigations

- The Company has been named as a defendant in two civil suits on small portion of land taken on lease from the Karnataka State Tourism Development Corporation ("KSTDC") for the operation of the Hotel Royal Orchid, Bangalore, which are adjacent to the hotel premises. One of the civil suit has been settled in favour of the Company, against which an appeal before the High Court of Karnataka, is pending and in the other matter the Company has an injunction against the other party. Management believes that these cases are not material and will not adversely affect its operations.
- The Company has been named as a defendant in a suit filed in mid 2008 by Kamat Hotels (India) Limited ('the plaintiff' or "Kamat Hotels") restraining the alleged use of the trademark of the Company and a relief of a permanent injunction restraining the Company from using the trademark 'Orchid'. The Company had filed an application seeking an interim injunction while the above proceedings are pending. The Bombay High Court vide its interim order dated April 05, 2011, has allowed the Company to continue to operate its current hotels as on that date but has restrained the Company from opening new hotels under the said brand. However, the Division bench of the Bombay High Court vide its order dated May 06, 2011 has partially stayed operation of the said Order and allowed opening of one of Company's proposed hotels in Vadodara under the 'Royal Orchid' brand. During the year ended 31 March 2014, the Company has obtained two favourable rulings from the Intellectual Property Appellate Board ('IPAB'). Kamat Hotels had preferred to appeal the ruling of IPAB in Madras High Court. The Madras High Court has passed orders cancelling the registration in Class 42 and the Company has filed a Special Leave Petition "SLP" in the Honorable Supreme Court in 2015. Reply to SLP was filed by Kamat Hotels in the form of Counter affidavit and the Company has filed a Rejoinder in the form of an affidavit.

The matter was partly heard by the Honorable Supreme Court in April and May of 2017 and has advised Kamat Hotels to consider the options for settlement by displaying the disclaimers on the Websites regarding the disassociation between the two brands. The matter is yet to be completely heard by the Honorable Supreme Court. The management believes that the case will be settled in its favour and will not affect its current and future operations.

- The Company received tax demand including interest, from the Indian tax authorities for payment of ₹ 42.62 million (March 31, 2016 ₹44.90 million), arising on denial of certain expenditure, upon completion of tax assessment for the fiscal years 2009 and 2011 (fiscal years 2009, 2011 and 2012 as on March 31, 2016). The Company's appeal against the said demands are pending before appellate authorities in various stages of litigation.

The Company is contesting the above demands and the management believes that it is more-like-than-not that the advance tax receivables (net of provision) recorded in the financial statements towards the tax demands is recoverable. Considering the facts and nature of disallowances, the Company believes that the final outcome of the disputes should be in favour of the Company and will not have any material adverse effect on the financial position and results of operations.

b) *Guarantees*

The Company has given guarantees to financial institutions, banks for loans sanctioned to subsidiaries and a jointly controlled entity amounting to ₹ 630,000,000 (31 March 2016: ₹1,650,000,000). (refer Note 33(v)).

c) *Export obligation*

The Company has received various Export Promotion Capital Goods (‘EPCG’) licenses which entitles it to import capital goods at a concessional rate of duty. Against these imports, the Company has an export obligation equal to eight times the duty amount saved. The Company’s export turnover till date is in excess of this obligation.

Independent Auditors' Report

To the Members of Royal Orchid Hotels Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **ROYAL ORCHID HOTELS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its jointly controlled entities, comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its jointly controlled entities and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its jointly controlled entities as at March 31, 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements of eleven subsidiaries and four jointly controlled entities, whose financial statements reflect total assets of ₹ 1,511,349,191 as at March 31, 2017, total revenues of ₹ 300,761,666 and net cash inflows amounting to ₹ 9,536,100 for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and jointly controlled entities and our report in terms of subsection (3) of Section 143 of the Act, in so far as it

Independent Auditors' Report *(continued)*

relates to the aforesaid subsidiaries and jointly controlled entities is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements of subsidiaries and jointly controlled entities, referred in the Other Matters paragraph above we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and jointly controlled companies incorporated in India, none of the directors of the Group companies and jointly controlled companies incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding company, subsidiary companies and jointly controlled companies incorporated in India. Our report

expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding company, subsidiary companies and jointly controlled companies incorporated in India internal financial controls over financial reporting.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its jointly controlled entities.
 - ii. The Group and its jointly controlled entities did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and jointly controlled companies incorporated in India.
 - iv. The Holding Company has provided requisite disclosures in the consolidated financial statements as regards the holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November, 2016 to 30th December, 2016 of the Group entities as applicable. Based on the audit procedures performed and the representations provided to us by the Management we report that the disclosures are in accordance with the relevant books of account maintained by those entities for the purpose of preparation of the consolidated financial statements and as produced to us by the management of respective group entities.

Independent Auditors' Report *(continued)*

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT (Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of **ROYAL ORCHID HOTELS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary companies, its jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and joint controlled companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary companies, and its jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to ten subsidiary companies and four jointly controlled companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to Consolidated financial statements

1 (a) Background

Royal Orchid Hotels Limited ('the Holding Company') is a public company domiciled in India. The Holding Company was incorporated in 1986. The shares of the Holding Company are listed on Bombay and National Stock Exchange in India. The Holding Company and its subsidiaries (collectively referred to as the 'Group') and its jointly controlled entities are engaged in the business of operating and managing hotels/resorts and providing related services, through its portfolio of hotel properties across the country.

(b) Operational outlook

'The current liabilities of the Group exceed its current assets by ₹ 21,98,67,152 as at 31 March 2017. In view of the group's plans for improving operating cash flows through cost synergies, exploring avenues of enhancing revenues, disposing off certain investments etc., the management is confident of further improving and maintaining sustainable operating cash flows and accordingly the Financial Statements are prepared and presented on a going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business.

2 Summary of significant accounting policies

(a) Basis of preparation

The consolidated financial statements of the Group and its jointly controlled entities have been prepared

in accordance with the generally accepted accounting principles in India (Indian GAAP). The Holding Company has prepared these consolidated financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 (the 2013 Act). The consolidated financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year.

(b) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

(c) Principles of consolidation

The consolidated financial statements include the financial statements of the Holding Company, its subsidiaries and jointly controlled entities.

The list of the subsidiaries and jointly controlled entities with the percentage holding is as follows:

(c) Principles of consolidation (Cont'd)

The consolidated financial statements are prepared in accordance with the principles and procedures for the preparation and presentation of consolidated financial statements as prescribed in Accounting Standard (AS) - 21, Consolidated Financial Statements. The consolidated financial statements have been combined on a line-by-line basis by adding the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/transactions and resulting unrealised profits in full. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the Balance Sheet of the Holding Company and its share in the post-acquisition increase/decrease in the relevant reserves of the consolidated entity.

The period of financial statements of the subsidiaries and jointly controlled entities for the purpose of consolidation is consistent with that of the Holding Company.

Minority interest represents the amount of equity attributable to minorities at the date on which investment in a subsidiary is made and its share of change in the equity since that date. Any excess consideration received from minority shareholders of subsidiaries over the amount of equity attributable to the minority on the date of investment is reflected under reserves and surplus.

Proportionate share of interest in jointly controlled entities has been accounted for by the proportionate consolidation method in accordance with Accounting Standard (AS) - 27, Financial Reporting of Interests in Joint Ventures.

The excess/deficit of cost to the Holding Company of its investment over its portion of net worth in the consolidated entities at the respective dates on which the investment in such entities was made is recognised in the consolidated financial statements as goodwill/ capital reserve. The Holding Company's portion of

net worth in such subsidiaries is determined on the basis of book values of assets and liabilities as per the financial statements of the subsidiaries as on the date of investment and if not available, the financial statements for the immediately preceding period adjusted for the effects of significant changes.

Consolidated financial statements are prepared using uniform accounting policies across the Group and its jointly controlled entities.

(d) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and its jointly controlled entities and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Income from services

Revenues comprise income from the sale of room nights, food, beverages and allied services during a guest's stay at the hotel. Room revenue is recognised based on occupation and revenue from sale of food, beverages and other allied services, as the respective services are rendered with reasonable certainty of ultimate collection. Other revenues are recognised as and when the services are performed or the right to receive claim is established, with reasonable certainty for ultimate collection. Rebates and discounts granted to customers are reduced from revenue.

Income from management and technical services are recognised as the services are rendered based on the terms of the contract.

Unbilled revenues represent revenues recognised which have not been billed to the customers at the Balance Sheet date.

Notes to Consolidated financial statements *(continued)*

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the Consolidated Statement of Profit and Loss.

Office equipments	5
Computer equipments	3
Computer software	3

(e) Fixed assets

Fixed assets are stated at the cost less accumulated depreciation and impairment losses, if any. The cost comprises purchase price and other costs directly attributable to bringing the assets to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Consolidated Statement of Profit and Loss for the period during which such expenses are incurred.

Advances paid towards the acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as 'capital advances' under long-term loans and advances. The cost incurred towards fixed assets, but not ready for their intended use before each Balance Sheet date is disclosed as 'capital work-in-progress', if any.

(f) Depreciation and amortisation

Depreciation/amortization on fixed assets is calculated on the straight-line basis using the rates arrived at based on the useful lives estimated by the management. The Group and its jointly controlled entities has used the following rates to provide depreciation on its fixed assets, as per the indicative useful life prescribed in Schedule II to the Companies Act, 2013.

Leasehold building (including improvements) are amortised over the lease period.

Asset category	Useful life (years)
Buildings	30
Plant and equipments	15
Furniture and fixtures	8
Vehicles	6

(g) Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sales are capitalised as part of the cost of respective assets. All other borrowing cost are expensed in the period they occur.

(h) Goodwill

Goodwill on consolidation is not amortised and is tested for impairment on an annual basis. Goodwill on acquisition of business is amortised over a period of five years.

(i) Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

Notes to Consolidated financial statements *(continued)*

(j) Investments

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

On disposal of an investment, the difference between the carrying value and net disposal proceeds is charged or credited to the statement of Consolidated Profit and Loss.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis.

Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the long-term investments.

(k) Inventory

Inventory comprises food, beverages, stores and spare parts and are valued at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the goods to their present location and condition and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

(l) Foreign currency transactions / translations

Transactions in foreign currencies entered into by the group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Foreign currency monetary items (other than derivative contracts) of the group, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the group are carried at historical cost.

Exchange differences arising on settlement/restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

Integral foreign operations: Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company's integral foreign operations are recognised as income or expense in the Consolidated Statement of Profit and Loss.

Non-integral foreign operations: The exchange differences on translation of balances relating to non-integral foreign operations are accumulated in a "Foreign currency translation reserve" until disposal of the operation, in which case the accumulated balance in "Foreign currency translation reserve" is recognised as income / expense in the same period in which the gain or loss on disposal is recognised.

(m) Lease

Where the Group and its jointly controlled entities lease land and buildings along with related assets as a part of a combined lease arrangement, the Group and its jointly controlled entities determine whether these assets acquired are integral to the land and building. If these assets are integral, the Group and its jointly controlled entities analyse the nature of the lease arrangement on a combined basis for all assets. If the assets are not integral to the land and building, the Group and its jointly controlled entities evaluate each asset individually, to determine the nature of the lease.

Finance leases

Leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value of the leased property and present value of the minimum lease payments at the inception of the lease term. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs are capitalised.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, capitalised leased assets are depreciated on a straight line basis over the shorter of the estimated useful life of the asset or the lease term.

Notes to Consolidated financial statements *(continued)*

Operating leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the consolidated Statement of Profit and Loss on a straight line basis.

(n) Employee benefits

Employee benefits include provident fund, employee state insurance scheme, labour welfare fund, gratuity and compensated absences.

Defined Contribution plans

The Group and its jointly controlled entities contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Group and its jointly controlled entities operates a defined benefit plan for its employees, viz., gratuity liability. The cost of providing benefits under gratuity plan is determined on the basis of actuarial valuation at each year-end using projected unit credit method. Actuarial gains and losses are recognized in full in the year in which they occur in the Statement of Profit and Loss.

Short-term and long-term employee benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

(o) Tax expense

Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group and its jointly controlled entities and the asset can be measured reliably.

Deferred tax

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realised against future taxable profits.

Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably/virtually certain that future taxable income will be available against which such deferred tax assets can be realised.

(p) Earnings per share

Basic earnings/(loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, bonus

Notes to Consolidated financial statements *(continued)*

element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings/(loss) per share, the net profit/loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(q) Provisions and contingent liabilities

The Group and its jointly controlled entities creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(r) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances

(with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(s) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group and its jointly controlled entities are segregated.

(t) Operating cycle

Based on the nature of products/activities of the Group and its jointly controlled entities and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group and its jointly controlled entities has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

5 Long-term borrowings (Contd.)

Notes:

A) Details of terms of repayment, guarantee and security for terms loans from banks

- (i) During the year ended 31 March 2008, Icon Hospitality Private Limited ("Icon"), a subsidiary availed a term loan facility of ₹ 450 million from State Bank of Hyderabad and State Bank of Travancore [herein referred as SBH Consortium] for acquisition of the hotel premises. The loan is repayable in 32 quarterly instalments ending in September 2015 and bears interest rates ranging between 15.70% and 16.75%. The loan is secured by way of pari passu charge in favour of SBH Consortium equitable mortgage of the hotel property and a first charge on all movable fixed assets of Icon, both present and future. Additionally, these borrowing are secured by the personal guarantees of a Director and one of the Directors of the Holding Company. The balance outstanding as at 31 March 2017 is ₹ Nil (31 March 2016: ₹ 107.76 million).
- (ii) During the year ended 31 March 2010, Ksheer Sagar Developers Private Limited ("KSDPL"), a jointly controlled company availed a term loan of ₹ 700 million from IDBI Bank Limited. The term loan is secured by way of first mortgage/charge on all movable and immovable assets of KSDPL, a corporate guarantee of the Holding Company (Joint Venturer) and the personal guarantee of Mr. Jagdish Prasad Tambi (Director of KSDPL). The loan is repayable in 84 monthly instalments ending on March 2019 and bears interest rate of 14.75%. The balance outstanding as at 31 March 2017 is ₹ Nil (31 March 2016: ₹ 191 million).
- (iii) During the year ended 31 March 2016, KSDPL has been sanctioned loan facility from IDBI Bank Limited for ₹ 50 million bearing an interest rate of 14% p.a. on floating basis. The same is secured by hypothecation of stocks, receivables and other current assets of KSDPL, both present and future. Further secured by way of extension of equitable mortgage on first pari passu charge along with Tourism Finance Corporation of India Limited (TFCIL) on commercial land and building of the holding company. In addition, the overdraft is secured by second charge on hypothecation of the balances in escrow account. The overdraft is further secured by personal guarantee of Mr. Chander K. 35 Operating leases

The Group and its jointly controlled entities has taken various hotel properties and offices on cancellable and non-cancellable leases, which have tenures ranging from 11 months to 30 years. Some of these leases have an escalation in lease rental of 15% every 3-10 years and/or a share of annual revenues from such properties, in excess of pre-agreed limits.

The lease expense for cancellable and non-cancellable operating leases recognised during the year ended 31 March 2017 is ₹ 145,910,467 (31 March 2016: ₹ 151,534,911)

The details of lease commitments in terms of minimum lease payments within the non-cancellable period are as follows:

Payments falling due	Year ended 31 March 2017 ₹	Year ended 31 March 2016 ₹
Within one year	53,691,535	80,810,059

Later than 5 years	193,939,794	212,622,227
	340,815,426	421,107,224

36 Commitments and contingencies

a) Litigations

- (i) The Holding Company has been named as a defendant in two civil suits on small portion of land taken on lease from the Karnataka State Tourism Development Corporation ("KSTDC") for the operation of the Hotel Royal Orchid, Bangalore, which are adjacent to the hotel premises. One of the civil suit has been settled in favour of the Holding Company, against which an appeal before the High Court of Karnataka, is pending and in the other matter the Holding Company has an injunction against the other party. Management believes that these cases are not material and will not adversely affect its operations.
- (ii) The Company has been named as a defendant in a suit filed in mid 2008 by Kamat Hotels (India) Limited ('the plaintiff' or "Kamat Hotels") restraining the alleged use of the trademark of the Company and a relief of a permanent injunction restraining the Company from using the trademark 'Orchid'. The Company had filed an application seeking an interim injunction while the above proceedings are pending. The Bombay High Court vide its interim order dated April 05, 2011, has allowed the Company to continue to operate its current hotels as on that date but has restrained the Company from opening new hotels under the said brand. However, the Division bench of the Bombay High Court vide its order dated May 06, 2011 has partially stayed operation of the said Order and allowed opening of one of Company's proposed hotels in Vadodara under the 'Royal Orchid' brand. During the year ended 31 March 2014, the Company has obtained two favourable rulings from the Intellectual Property Appellate Board ('IPAB'). Kamat Hotels had preferred to appeal the ruling of IPAB in Madras High Court. The Madras High Court has passed orders cancelling the registration in Class 42 and the Company has filed a Special Leave Petition "SLP" in the Honorable Supreme Court in 2015. Reply to SLP was filed by Kamat Hotels in the form of Counter affidavit and the Company has filed a Rejoinder in the form of an affidavit.

The matter was partly heard by the Honorable Supreme Court in April and May of 2017 and has advised Kamat Hotels to consider the options for settlement by displaying the disclaimers on the Websites regarding the disassociation between the two brands. The matter is yet to be completely heard by the Honorable Supreme Court.

The management believes that the case will be settled in its favour and will not affect its current and future operations.

- (iii) The Company received tax demand including interest, from the Indian tax authorities for payment of ₹ 42.62 million (March 31, 2016 ₹ 44.90 million), arising on denial of certain expenditure, upon completion of tax assessment for the fiscal years 2009 and 2011 (fiscal years 2009, 2011 and 2012 as on March 31, 2016). The Company's appeal against the said demands are pending before appellate authorities in various stages of litigation.

The Company is contesting the above demands and the management believes that it is more-like-than-not that the advance tax receivables (net of provision) recorded in the financial statements towards the tax demands is recoverable. Considering the facts and nature of disallowances, the Company believes that the final outcome of the disputes should be in favour of the Company and will not have any material adverse effect on the financial position and results of operations.

Notes to Consolidated financial statements (continued)

(iv) During the year 2013-14, a Subsidiary Company had received order from Office of the Commissioner of Customs (Export) imposing differential duties and penalties amounting to ₹ 32,336,410 plus applicable interests for certain alleged violations of the Export Promotion Capital Goods Scheme. The Subsidiary Company has filed an appeal before the Customs, Excise and Service Tax Appellate Tribunal (CESTAT), Mumbai and an unconditional stay in the matter is granted till the disposal of the appeal. The management believes that the case will be settled in its favour. Accordingly, these consolidated financial statements do not include adjustments, if any, on the above account.

b) *Guarantees*

The Holding Company has given guarantees to banks and financial institutions for loans sanctioned a jointly controlled entity amounting to ₹ 225,000,000 (31 March 2016: ₹ 350,000,000) (refer Note 31(v)).

c) *Export obligation*

The Group has received various Export Promotion Capital Goods ('EPCG') licenses which entitles it to import capital goods at a concessional rate of duty. Against these imports the Group has an export obligation equal to eight times the duty amount saved. The Group's export turnover till date is in excess of this obligation.
