ANNUAL REPORT
2021 – 22

Dear Shareholders,

The year 2022 is a year of appreciation for everything we have in life; for the life lived, post the last two unconceivable years. The hospitality industry, in general, has been very resilient in the face of adversity in the last two years. We can proudly say that no matter what the situation, it is survival of the fittest that stands proud in overcoming the dark lining for a bright and successful tomorrow. It is with this very optimism that Royal Orchid Hotels Ltd (ROHL) posted positive growth in our revenues and profitability for the financial year ending 2021-22.

This growth would not have been possible without the sheer support of the ROHL family. An optimistic step was a fruitful year ending 2021-2022 that was positive in the right way on all fronts led by significant improvement in occupancy levels during the quarter across all regions.

The result is proof of the right strategy adoption and methodology without compromising on quality, across all our properties. This is evident in our total revenue of Rs. 155.93 cr versus Rs. 88.84 cr over 2021. The EBITDA witnessed an increase of Rs. 40.36 cr versus a loss of Rs. 3.11 cr in the previous year. Interestingly, the Profit after Tax (PAT) was Rs. 26.78 cr versus a loss of Rs. 40.01 cr of the previous year while the Earnings per Share (EPS) was Rs. 10.71 versus an EPS loss of Rs. 11.84 in 2021.

Being optimistic is the mantra for this year as we embark on a growth journey. As the leader, I am very confident about the future of our company and our industry. I believe firmly in the resilience of the travel and hospitality industry and am proud of the efforts put in by our team. We have an incredible portfolio of properties and more importantly, we have truly outstanding people working with us. Through their efforts, we will continue to provide exceptional experiences for our guests and drive the business and our company forward.

With a forward-thinking approach, ROHL has always believed in adopting the best and being a first-mover. In a pre-pandemic world, ROHL was striving to deploy the latest in hospitality technology and it has not stopped. Be it contactless services or menus, we have always supported innovation for a better customer experience. Moving ahead, both Royal Orchid & Regenta Hotels are driven to adopt innovative and digital capabilities across every department to make work seamless and a smooth transformation. We will continue to lead the way in digital innovations aspects of the guest experience with a slew of initiatives designed to surprise and delight guests while simultaneously enhancing the overall experience.

The industry can look at the future as either half empty or half full but the one sole purpose is to move ahead. Going by the overall forecast, according to the World Travel and Tourism Council, in India, the tourism sector is expected to grow 6.9% annually to US\$460 bn by 2028, which is 9.9% of the GDP. If this is not enough, travel per se has undergone a major transformation over the past two years since the post-pandemic era began.

Several factors will need our consideration as we plan for a stronger second half of 2022. Factors such as the spotlight on sustainability, empowering our workforce and retaining talent, and strategizing to keep up with the new ever-evolving traveller. In all this, if there is one key element, it is the human touch amongst everything. This is very essential for every business and more importantly, success. This human factor can never be replaced by technology no matter how advanced we are and the hospitality industry prides itself in honing the human touch.

Our next big bet is on experiences for tomorrow. The evolving Indian travellers are constantly looking for a new experience be it in design, comfort or even food. At ROHL, we are constantly working on offering our guests new experiences across our properties be it the Vineyards at Regenta Resort Soma Vine Village, our heritage property at Royal Orchid Brindavan Garden Palace & Spa, Mysore or even the 100-year-old Royal Orchid Metropole, Mysore. The memories created at our properties are timeless.

Finally, no experience is complete without the right meal. At ROHL, food is created for the soul. Our guests are a testament to the fact that the cuisine prepared at ROHL properties leaves them wanting more. Delving deeper into dietary trends, we have also launched our special dietary menu along with our much-loved Sunday Brunch.

As we move forward, we aim to provide our guests with the best in everything we offer. We have also learned that technology is the change that we need to propel us into a bountiful tomorrow. In keeping with this mantra, in the current financial year, we have opened 9 Hotels with 388 keys at 6 new locations. We are also looking forward to the many new developments we have planned for the coming year and the excitement to reach our target of 100+ properties by 2023.

We have posted robust financial results in Q1 of FY 2022-23 and we are confident of continuing the performance in the remaining financial year.

I am thankful to all our guests and shareholder for the support they have extended and the confidence they have placed in us. We are working towards building a sustainable and safe future for everyone. We look forward to your continued support in this journey.

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
 Royal Orchid Hotels Limited,
 CIN: L55101KA1986PLC007392
 No -1, Golf Avenue, Adjoining KGA Golf Course,
 Airport Road, Bangalore KA 560008

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Royal Orchid Hotels Limited (hereinafter called the "Company"). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2022 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder and the applicable provisions of Companies Act, 1956.
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines (and any amendments thereto) prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable:
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

Corporate Governance Report for the year ended March 31, 2022

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Royal Orchid Hotels Limited (hereinafter referred to as "ROHL" or "your Company"), observes the Corporate Governance principles and practices as key to sustainable corporate growth and long term shareholders' value creation. ROHL and its Subsidiary companies, as a group values and believes in excellence in Corporate Governance as a good corporate citizen and is committed to ethical corporate practices based on conscience, openness, fairness, professionalism and accountability, for the benefit to its stakeholders and for its long term success.

Your Company believes in maintaining the highest standards of corporate governance, not only in form but also in substance by incorporating highest levels of transparency, accountability and equity in all facets of its operations and in all its transactions with its stakeholders, including its Employees, Customers, Shareholders, Vendors, supporting agencies, Government, and society at large. The corporate governance philosophy of the Company has been further strengthened with the adoption of the Code of Conduct, Whistle Blower Policy, CSR Policy, and Code for Prohibition of Insider Trading and such other policies. We have summarized the same in this Corporate Governance Report.

Good corporate governance is about maximizing shareholder value on a sustainable basis while ensuring fairness to all stakeholders: customers, vendor-partners, investors, employees, government and society.

ROHL's Corporate Governance philosophy is based on the following ideologies:

- Ensure transparency, high degree of disclosure, and good practices in our operations;
- Openness in communication externally and internally with all stakeholders;
- Maintain high standards of clean, healthy and safe environment;
- Institutionalize Corporate Governance at all levels within the Company with best practices, policies and procedures;
- Act in the spirit of the law and not merely the letter of the law.

THE 4 TIER GOVERNANCE STRUCTURE AT ROHL

Corporate Governance philosophy is put into practice at ROHL group through the following four layers, namely,

- Governance by Board of Directors,
- Governance by Sub-committees of Board of Directors,
- Governance through Management process, and
- Governance to Shareholders.

- The Shareholders appoint the Board of Directors and authorizes the Board to conduct the business and ensure accountability to all the stakeholders.

III. GOVERNANCE THROUGH MANAGEMENT

Process Empowerment and Control:

Royal Orchid's Board believes that it is essential for effective corporate governance; management must have the freedom to drive the business forward. The Board believes in this principle and has vested the decision-making powers at the most appropriate levels in the organizational hierarchy. It is the core principle of corporate governance that while the Board of Directors are accountable to the shareholders, the management is accountable to the Board. With an optimum combination of the empowerment with accountability, it would lead to improved effectiveness, thereby enhancing shareholder value. The aforesaid would not yield any results without adequate control which is necessary and thus freedom of management should be exercised within a framework of appropriate checks and balances. Control should prevent misuse of power, facilitate timely management response to change, and ensure that business risks are pre-emptively and effectively managed.

Risk Management

Your Company has a well-established risk management process and framework for all hotels and managed properties across India and overseas. The Audit Committee reviews the risks relevant to the business including changes in key regulations or political risks, competitor activities, economic or business risks, strategic acquisitions, attrition risk, health and safety. Business risk, inter-alia, further includes financial risk, political risk, fidelity risk, legal risk, employee, guest, asset safety and safety of community and to establish a prevention system to safeguard the future.

Pursuant to Regulation 21 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the requirement for constituting the Risk Management Committee is not applicable to the Company.

Environment Initiatives

Your Company has constantly given high priority to social concerns. Your Company continually strive towards sustainable development by trying to find a balance between the needs of our customers and responsible care for the environment. Your Company is committed to protect and promote the environment and has a well-defined Environment Policy and all our units have proper environmental management system in place. The several initiatives taken are given in the Board's Report.

Management Discussion & Analysis Report

Economic Outlook

The worst of the pandemic is behind us and the hospitality industry is expected to make a full recovery in the coming months. India in specific was quick to jump on the recovery wagon and made a large stride pushing the economic growth trajectory upwards. Economists around the country spotted these trends early on and were very bullish in their projections for the year 22- 23.

With the ongoing Russia - Ukraine crises economist were forced to take another look at their forecasts and revise growth projections for the year. The crisis has had some undesirable impacts on the global economy and that of India. Inflation, subsidies, capital outflows, and import bills have gone up and government revenue has dropped. Despite these challenges, the impact on long-term growth will only be marginal. This is because India's underlying economic fundamentals have always remained strong. Various initiatives undertaken by the government such as growth-enhancing and schemes, pushing towards self-reliance, lower taxes, rising service exports, and digitization drives have put in India will help accelerate economic growth in the years ahead.

Deloitte created two scenarios—baseline and pessimistic—primarily based on the possibility of fresh variants of the virus emerging on the scene and the evolution of the Russia-Ukraine crisis in the coming months. Going by the study, even if the worst-case scenario were to unfold, India's GDP growth will hover around the 6.7% mark. This is a very promising forecast.

GDP growth will likely pick up from the second half of FY 2022 but will remain below the potential (no-COVID-19) levels over the next two years

Global Tourism

Global Travel and Tourism continued to show a positive trend in January 2022, with a much better performance compared to the weak start to 2021. However, the Russian invasion of Ukraine adds pressure to existing economic uncertainties, coupled with many Covid-related travel restrictions still in place. Latest travel data with UN shows *global international tourist arrivals more than doubled (+130%) in January 2022 compared to 2021 - the 18 million more visitors recorded worldwide in the first month of this year equals the total increase for the whole of 2021.*

After the catastrophic drop in 2020 and 2021, international travel has made a gradual recovery in 2022. As of March 2022, over 10 destinations across the world removed all COVID-19 related travel restrictions. Many countries are now following suit by lifting travel restrictions, which will eventually contribute to unleashing pent-up demand.

It is however certain that the ongoing Russia-Ukraine war will add further pressure to the existing economic challenges and will also undermine consumer confidence. The UN also noted "The Organization for Economic Co-operation and Development (OECD) estimates global economic growth could be more than 1% lower this year than previously projected, while inflation, already high at the start of the year, could be at least a further 2.5% higher. The recent spike in oil prices (Brent reached its highest levels in 10 years), and rising inflation are making accommodation and transport services more expensive, adding extra pressure on businesses, consumer purchasing power and savings".

The India Tourism & Hospitality sector has seen some major developments, investments and support from the Government in the recent past. Foreign Tourist Arrivals (FTAs) in March, 2022 were 342,308 with a positive growth rate of 177.9% as compared to 123,179 in March, 2021.

The percentage share of Foreign Tourist Arrivals in India during March 2022 among the top 10 source countries

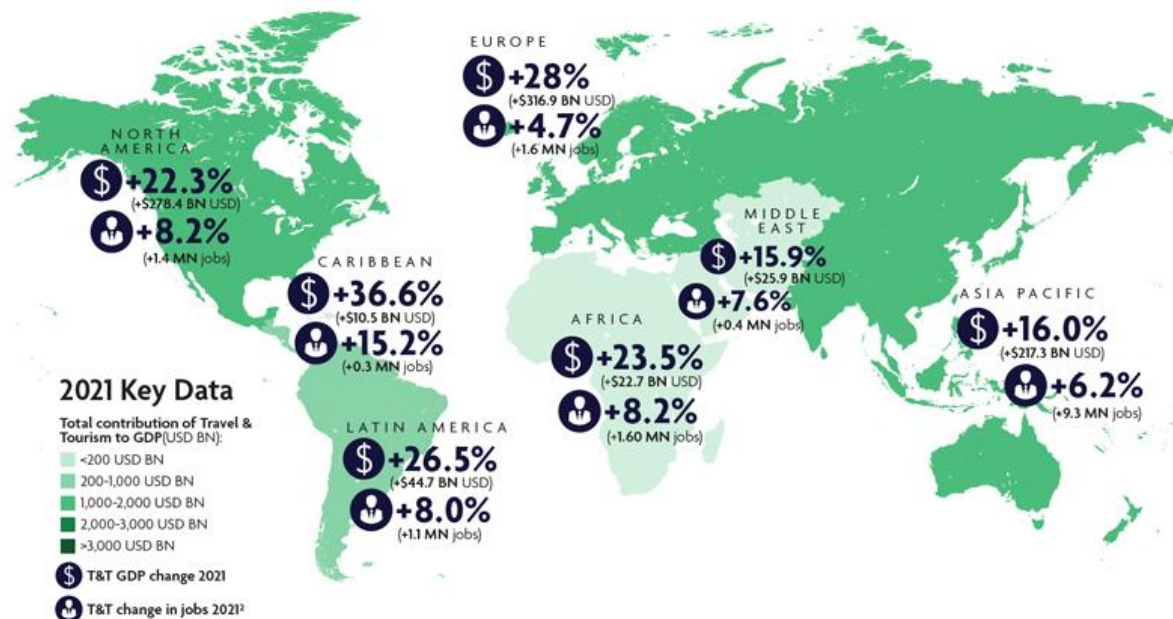

FDI inflows in the Tourism & Hospitality sector reached US\$ 16.38 billion from April 2021-March 2022.

The world might notice a drop in inbound travel coming from Ukraine and Russia, other markets will more than make up for the lost opportunity from the eastern block countries in Europe.

American Express report of consumer travel sentiment showed a positive sentiment towards travel.

Source: World tourism organisation (UNWTO)

A report on World Tourism Economy Trends (2022) put out by WTCF made the following observations:

6.6 billion Global tourist trips were made in 2021, and the total world tourism revenue reached US\$3.3 trillion, showing a recovery of 54% and 56% of the 2019 levels respectively. The top 20 countries accounted for 80% of the total world tourism revenue in 2021, 12% higher than in 2020 and 1% higher than in 2019.

The report predicts that 8.45 billion global tourist trips will be made in 2022, and the total world tourism revenue will amount to US\$4.0 trillion, 69% and 68% of the pre-pandemic levels in 2019 respectively.

India Tourism

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth in the services sector in India. Tourism in India has significant potential considering the rich cultural and historical heritage, variety in ecology, terrains, and places of natural beauty spread across the country. Tourism is an important source of foreign exchange in India similar to many other countries. The foreign exchange earnings from 2016 to 2019 grew at a CAGR of 7% but dipped in 2020 due to the COVID-19 pandemic.

The Indian government has estimated that India would emerge with a market size of 1.2 million cruise visitors by 2030-31. Dream Hotel Group plans to invest about US\$300 million in the next 3-5 years for the development of the cruise sector in India. The government is planning to boost tourism in India by leveraging lighthouses in the country. 71 lighthouses have been identified for development as tourist spots.

The Indian hotel market including domestic, inbound, and outbound was estimated at ~US\$ 32 billion in FY20 and is expected to reach ~US\$ 52 billion by FY27, driven by the surging demand from travellers and sustained efforts of travel agents to boost the market.

India will soon unveil a new tourism policy focusing on developing medical, and religious tourism and adding more destinations to the prevailing ones.

Electronic tourist authorizations, known as e-Tourist Visa, launched by the Government of India, has resulted in an increase in the number of tourist visa issued in the country. The facility was extended to citizens of 171 countries, as of March 2021. In 2020, 8.38 million (Jan-Nov) foreign tourists arrived on e-Tourist Visa, registering a growth of -67.2%.

In 2020, the travel & tourism industry's contribution to the GDP was US\$ 121.9 billion; this is expected to reach US\$ 512 billion by 2028. In India, the industry's direct contribution to the GDP is expected to record an annual growth rate of 10.35% between 2019 and 2028. In 2019, the travel & tourism industry's contribution to the GDP was 6.8%.

In 2020, the Indian tourism sector accounted for 39 million jobs, which was 8% of the total employment in the country. By 2029, it is expected to account for about 53 million jobs.

Travel & tourism's contribution to capital investment in India is projected to grow 6.7% per annum during 2018-28. Under the Swadesh Darshan scheme, 77 projects have been sanctioned worth Rs. 6,035.70 crores (US\$ 863.60 million).

Government Campaigns such as Swadesh Darshan, a theme-based tourist circuit was launched to harness the tourism industry's potential. The government introduced a scheme to boost the tourism sector by providing a one-month free tourist visa to 5 lakh tourists until March 31, 2022. Rs. 2,400 crore (US\$ 309.13 million) has been allocated to the Ministry of Tourism which is 18.42% higher than the allocation for FY 2021-22.

Sustainability at the core

As highlighted during COP26 in 2021, climate change and environmental degradation are worsening at an alarming pace, requiring urgent action to avoid a devastating impact on destinations, businesses, local communities, the global economy, and our way of life. With today's decisions defining the world of tomorrow, there is a need to increase both ambitions and actions to protect people and the planet.

We minimize our environmental footprint by sustainably managing our energy and water use, reducing our waste and carbon emissions, and increasing the use of renewable energy. We employ innovative technologies to plan, implement, and track how we operate responsibly to mitigate climate-related risk, benefiting our business and the communities in which we operate. From design to the guest experience, sustainability is embedded into our business strategy. We collaborate with our associates, hotel owners, franchisees, brands, suppliers, business partners, and guests to actively reduce the environmental impact and risk to our business by constructing and operating sustainable hotels.

Leveraging technology

While the acceleration of digital technologies and the resulting innovations have been a prominent feature of the COVID-19 crisis, digitization has been a growing trend for decades. Although digitization should not be employed to replace human interaction given the high-touch nature of the Travel & Tourism sector, it should be leveraged as a means to enrich the traveller's experience and enhance the liveability of the property.

Following technology which are implemented in our properties PAN India:

- Sales Force - Simplify the workflows of our sales, empower our team to be more productive
- Quality Management System - Stay one step ahead of the competition by addressing concern areas and highlighting opportunities
- Cloud technology connecting hotels.
- Contactless payment
- Digital Loyalty Program(WANDERLUST)
- Contactless Menu
- Virtual Events
- E-procurement
- HRIS- Human Resource Information System.

Company Strategy towards performance

With over 75+ properties across India, having a Diversified Portfolio like wildlife (3), religious (7+), Hill stations(10+), Leisure (20+), Business (27+). Royal Orchid, as a group stands top 5 brands in India (FYHVS 2021), in terms of opening properties in INDIA.

Our communication now has become even more hyper-local and hyper-targeted to a predefined target group of potential guests. We have been promoting drivable destinations within a radius of 300 - 400 km from a particular city, and also promoting tailor-made heritage, wildlife, hill station, beach holidays, staycation, day-cation and driving destination packages and campaigns.

We saw guests checking into remote and off-beat destinations/properties all over the country. This marked the beginning of 'Revenge Tourism'. The trend is not going to stop here. As we seen our occupancy levels steadily increasing along with the ARR.

Also our inherent business model, which is to remain an asset-light has helped us to develop a balanced portfolio of hotels and quickly adapt to the ever-changing competitive landscape. Apart from a healthy mix of business, leisure, and bi-leisure hotels that makes up our group, we've always endeavored to stay ahead of the curve with respect to industry trends, technology, building an agile workforce, and also making sure that we are consistently creating, reviewing and improving the experience we provide to our guest's.

Wedding Market

Outlook

The light at the end of the tunnel is finally here. We have emerged from the shadows of the pandemic and now marching steadily towards increased profitability and exponential growth. In 2021 we had noticed pockets of pent-up demand driving recovery for hospitality across the country. Today, we see trends that are not just encouraging but also showing no signs of slowing down.

We are now investing across segments such as in wildlife, spiritual, and leisure destinations while continuing expansion in Tier 1 and Tier 2 cities. Our expansion strategy is rooted in the fact that people today wish to travel further, more often, and to off-beat locations. We are constantly on the lookout for good locations and the right partners.

While the start to the year was sluggish, we've more than made up for all the lost ground. Today all our hotels and resorts are doing extremely well and are poised to turn things around for the group. With growth on our minds, we are leaving no stones unturned to seize every opportunity that comes our way.

At Royal Orchid we fervently believe in the mantra "change is the only constant". This principle has not just helped us navigate these challenging times but thrive and also grow. Our Approach in the coming year will be no different.

Independent Auditor's Report To the Members of Royal Orchid Hotels Limited Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Royal Orchid Hotels Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Cash Flow, the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, its loss (including other comprehensive loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Impact of Covid-19

4. We draw attention to Note 59 to the accompanying standalone financial statements, which describes the effects of uncertainties relating to the effects of COVID-19 pandemic and management's evaluation of its impact on the business operations of the Company and accompanying standalone financial statements as at reporting date, the extent of which is significantly dependent on future developments, as they evolve. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Independent Auditor's Report (Cont'd)

Key audit matters	How our audit addressed the key audit matters
<p>Impairment assessment of investments and loans in subsidiary and associate companies.</p> <p>As disclosed in Notes 7, 8, 9, 11, 13, 17, 19 and 40, the standalone financial statements of the Company as at 31 March 2022 includes Investments of ₹15,733.82 lakhs (net of impairment of ₹1,097.20 lakhs), Assets held for sale of ₹342.77 lakhs (net of impairment of ₹397.83 lakhs), Loans (including interest accrued thereon) of ₹2,580.32 lakhs and Other current / non-current financial assets of ₹1,356.34 lakhs invested in / recoverable from its subsidiaries and associate.</p> <p>In the year ended 31 March 2022, on account of losses reported by certain subsidiaries and associate and impact of COVID-19 pandemic on the operations of such companies, the management has identified that indicators exist that requires the management to test the carrying value of such investments and receivables for possible impairment in accordance with the requirements of Ind AS 36, Impairment of Assets ('Ind AS 36').</p> <p>Management's assessment of the recoverable amount of investments in and loans given to these subsidiary and associate companies requires estimation and judgement around assumptions used in the Discounted Cash Flow valuation model adopted by the Company for the purpose, primarily around expected revival of business from the pandemic, estimated growth in the operations in the form of occupancy rate and room rates to assess ability to generate cash profits in the future, and the discount rates applied in the model and fair value of immovable properties. Changes to such assumptions could lead to material changes in estimated recoverable amounts, resulting in impairment of the investment in subsidiary and associate companies.</p> <p>Considering the significance of the amounts involved and auditor attention required to test the appropriateness of accounting estimate that involves high estimation uncertainty and significant management judgement, this matter has been determined to be a key audit matter for the current year audit.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of the management process for identification of possible impairment indicators and process performed by the management for impairment testing. 2. Evaluated the design and implementation of relevant controls and tested the operating effectiveness of such internal controls which inter-alia include controls around the reasonableness of input data considered and assumptions made in determining the recoverable value of investments. 3. Obtained the impairment assessment prepared by the management for the investments and performed the following procedures: <ul style="list-style-type: none"> • Held discussions with the Company/Subsidiaries' and Associate's personnel to identify additional factors, if any, which, in our professional judgement, should have been considered in determination of recoverable value. • Assessed the competence, independence and objectivity of the management's experts involved in determining recoverable value of the investments, as applicable. • Involved our internal valuation specialists to assess the appropriateness of the methodology applied in determining the recoverable amount and test the key valuation assumptions considered by the Management in such models. • Tested the mathematical accuracy of the management computations of cash flows and sensitivity analysis. • Reconciled the cash flows to the business plans approved by the respective Board of Directors of the identified investee companies. • Evaluated key assumptions in management's valuation models used to determine recoverable amount including assumptions of projected adjusted EBITDA, growth rate and assessed the forecasts considering our understanding of the business and industry based on internal and external sources of information, including the impact of COVID-19 on such assumptions. • Performed independent sensitivity analysis of aforesaid key assumptions to assess the effect of reasonably possible variations on the current estimated recoverable amount for respective subsidiaries and associate to evaluate sufficiency of headroom between recoverable value and carrying amounts. 4. Evaluated the appropriateness and adequacy of the disclosures made in the standalone financial statements in respect of aforesaid matter in accordance with the requirements of the accounting standards.

Key audit matters	How our audit addressed the key audit matters
<p>Evaluation of Management's assessment of appropriateness of going concern assumption.</p> <p>As disclosed in Note 59 to the standalone financial statements, the COVID-19 pandemic has severely impacted the operations of the Company leading to low occupancies and shutdown of some of the hotels of the Company across India for certain periods of time during the year to comply with the restriction guidelines issued by the Central/State governments in this respect.</p> <p>On account of aforesaid impact of the pandemic, the Company has incurred a total comprehensive loss of ₹85.03 lakhs during the current year as at 31 March 2022. Such events and conditions require the management to do a detailed assessment of the Company's ability to continue as a going concern for the foreseeable future as per the requirements of Ind AS 1, Presentation of Financial Statements.</p> <p>The assessment of appropriateness of use of going concern basis of accounting for preparation of the standalone financial statements by the management, as mentioned above, involves significant judgement in terms of expected revival of the business and estimation of key input variables such as average occupancy rate, average room rate, future business plans and expected sources of funding to meet the fixed costs of maintaining such establishments in running conditions, amongst other estimates.</p> <p>The management, based on their assessment of expected availability of cash flows and future business plans, has concluded that use of going concern basis of accounting for preparation of accompanying standalone financial statements is appropriate and no material uncertainty exists in this respect basis the mitigating factors as explained in the said note.</p> <p>The auditing standard, SA 570, Going Concern, also casts a responsibility on the auditors to assess the aforesaid assessment made by the management and to verify whether the disclosures made by the management in the standalone financial statements in this respect meet the requirements of applicable financial reporting framework.</p> <p>Considering the significant judgements and estimates with high estimation uncertainty involved as above, and the pervasive impact of the matter on the financial statements, we have considered the assessment of management's evaluation of going concern basis of accounting for preparation of the accompanying standalone financial statements, as a key audit matter in the current year audit since this matter required significant efforts and attention from us during the audit.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of the process followed by the management to identify all the factors that impact the going concern evaluation which includes preparation of cash flow projections and liquidity analysis, etc. 2. Evaluated the design and implementation of relevant controls, and tested the operating effectiveness of such controls relating to above process which inter-alia includes controls around reasonableness of the input data and assumptions used in preparing the cash flow projections for the foreseeable future. 3. Obtained the cash flow projections prepared by the management and performed the following procedures: <ul style="list-style-type: none"> • Traced such cash flow projections to the future business plans approved by the Board of Directors of the Company. • Tested the appropriateness and reasonableness of inputs and assumptions used in the cash flow projections with reference to historical performance, internal and external sources of information about the hospitality industry and the Company's strategy including various measures undertaken by the Company under the prevalent conditions of the COVID-19 pandemic. • Performed sensitivity analysis on the key input variables used in cash flow projections to assess the impact of change on the overall cash flows to identify the estimation uncertainty involved in relation to such estimates. • Tested the arithmetical accuracy of the calculations including those related to sensitivity analysis performed by the management. 4. Evaluated the appropriateness and adequacy of the disclosures made in the standalone financial statements in respect of going concern as required under the applicable accounting standards.

Independent Auditor's Report (Cont'd)

Information other than the Standalone Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
12. As part of an audit in accordance with Standards on Auditing, specified under Section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

Independent Auditor's Report (Cont'd)

- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls;
 - c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - d. Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by Section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
17. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
18. Further to our comments in Annexure I, as required by Section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. the standalone financial statements dealt with by this report are in agreement with the books of account;

Independent Auditor's Report (Cont'd)

- d. in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
- e. on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- f. with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2022 and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion; and
- g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company, as detailed in Note 52 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2022;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022;

Annexure I referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the standalone financial statements for the year ended 31 March 2022

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i.
 - a.
 - A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets.
 - B. The Company has maintained proper records showing full particulars of intangible assets.
 - b. The Company has a regular program of physical verification of its property, plant and equipment and right of use assets under which the assets are physically verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain property, plant and equipment and right of use assets were verified during the year and no material discrepancies were noticed on such verification.
 - c. The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
 - d. The Company has not revalued its Property, Plant and Equipment and Right of Use assets or intangible assets during the year.
 - e. No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- ii.
 - a. The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of such inventory.
 - b. The Company has not been sanctioned working capital limits by banks or financial institutions on the basis of security of current assets during any point of time of the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- iii.
 - a. The Company has provided loans or advances in the nature of loans, or guarantee, or security to Subsidiaries during the year as per details given below:

(₹ in lakhs)

Particulars	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount provided/granted during the year Subsidiaries	-	-	22.14	-
Balance outstanding as at balance sheet date in respect of above cases: Subsidiaries	-	-	1,126.32	-

- b. In our opinion, and according to the information and explanations given to us, the investments made, guarantees provided, security given and terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are, prima facie, not prejudicial to the interest of the Company.
- c. In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and the payment of the interest has not been stipulated and accordingly, we are unable to comment as to whether the repayments/receipts of principal interest are regular.

Annexure I referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the standalone financial statements for the year ended 31 March 2022 (cont'd)

- d. In the absence of stipulated schedule of repayment of principal and payment of interest, we are unable to comment as to whether there is any amount which is overdue for more than 90 days. Reasonable steps have been taken by the Company for recovery of such principal amounts and interest.
- e. In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal has not been stipulated. Further, no interest is receivable on such loans and advances in the nature of loans. According to the information and explanation given to us, such loans have not been demanded for repayment as on date.
- f. The Company has granted loans or advances in the nature of loans, which are repayable on demand or without specifying any terms or period of repayment, as per details below:

(₹ in lakhs)

Particulars	All Parties	Promoters	Other Related Parties
Aggregate of loans/advances in nature of loan			
- Repayable on demand (A)	-	-	-
- Agreement does not specify any terms or period of repayment (B)	2,812.32	-	2,580.32
Total (A+B)	2,812.32	-	2,580.32
Percentage of loans/advances in nature of loan to the total loans			
- Repayable on demand (A)	0%	NA	0%
- Agreement does not specify any terms or period of repayment (B)	100%	NA	100%

- iv. The Company has not entered into any transaction covered under Sections 185 and 186 of the Act. Accordingly, reporting under clause 3(iv) of the Order is not applicable to the Company.
- v. In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- vi. The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- vii. (a) In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities, though tax deducted at source have not generally been regularly deposited with the appropriate authorities and there have been significant delays in a large number of cases. Undisputed amounts payables in respect thereof, which were outstanding at the year-end for a period of more than six months from the date they became payable are as follows:

Annexure II to the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the standalone financial statements for the year ended 31 March 2022

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Royal Orchid Hotels Limited ('the Company') as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure II to the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the standalone financial statements for the year ended 31 March 2022 (cont'd)

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Royal Orchid Hotels Limited

Summary of significant accounting policies and other explanatory information

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

1. Corporate Information

Royal Orchid Hotels Limited ('the Company') is a public company and is domiciled in India. The Company was incorporated in 1986. The shares of the Company are listed on BSE Limited and the National Stock Exchange of India Limited. The Company is engaged in the business of operating and managing hotels/ resorts and providing related services, through its portfolio of hotel properties across the country. The registered office of the Company is located at No.1, Golf Avenue, Adjoining KGA Golf Course, Airport Road, Bengaluru - 560 008.

2. Summary of significant accounting policies

a. Statement of compliance

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 by Ministry of Corporate Affairs ('MCA') and the guidelines issued by the Securities and Exchange Board of India. The Company has uniformly applied the accounting policies during the periods presented.

b. Basis of preparation and presentation

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes in to account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, 'Share-based Payment', leasing transactions that are within the scope of Ind AS 116, 'Leases', and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 'Inventories', or value in use in Ind AS 36 'Impairment of assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

c. Use of estimates

The preparation of the standalone financial statements in conformity with the recognition and measurement principals of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities and disclosure relating to contingent liabilities as at the date of standalone financial statements and the reported amounts of income and expenditure during the reported year. The Management believes that the estimates used in preparation of the standalone financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements pertain to:

c. Use of estimates (Cont'd)

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Income taxes

Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

Contingent liability

At each balance sheet date basis the management estimate, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding guarantees and litigations. However, the actual future outcome may be different from this estimate.

Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Recoverability of advances / receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Impairment of investments

The Company reviews its carrying value of investments carried at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Litigation

From time to time, the Company is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgement is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

d. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

2. Summary of significant accounting policies (Cont'd)

d. Current versus non-current classification (Cont'd)

An asset is treated as current when it is

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current"

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has evaluated and considered its operating cycle as 12 months.

Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

e. Revenue recognition

Performance obligation in contract with customers is met throughout the stay of guest in the hotel or on rendering of services and sale of goods.

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognized.

Income from operations

Revenues comprise income from the sale of room nights, food and beverages, banquet services and allied services during a guest's stay at the hotel. Room revenue is recognized based on occupation and revenue from sale of food, beverages, banquet services and allied services, as the respective services are rendered with reasonable certainty of ultimate collection. Other revenues are recognized as and when the services are performed or the right to receive claim is established, with reasonable certainty for ultimate collection. Rebates and discounts granted to customers are reduced from revenue.

Income from management and technical services are recognised as the services are rendered based on the terms of the contract.

Unbilled revenues' represent revenues recognised on services rendered, for which amounts are to be billed in subsequent periods.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

e. Revenue recognition (Cont'd)

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

f. Employee benefits

Employee benefits include provident fund, employee state insurance scheme, labour welfare fund, gratuity and compensated absences. Expenses and liabilities in respect of employee benefits are recorded in accordance with Ind AS 19, Employee Benefits.

Defined contribution plan

Retirement benefit in the form of provident fund and employee state insurance scheme is a defined contribution scheme. The Company is generally liable for specified contributions to a separate entity and has no obligation to pay any further amounts. The Company's contribution is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

Defined benefit plan

Gratuity

The liability recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period determined based on actuarial valuation at the Balance Sheet date. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Compensated absences

The Company provides benefit of compensated absences under which unveiled leave are allowed to be accumulated to be availed in future. The compensated absences comprises of vesting as well as non-vesting benefit. The cost of short term compensated absences are provided for based on estimates. Long term compensated absence costs are provided for based on actuarial valuation using the project unit credit method.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance Sheet date.

Service cost on the Company's defined benefit plan is included in employee benefits expense. Employee contributions, all of which are independent of the number of years of service, are treated as a reduction of service cost.

Gains and losses through re-measurements of the defined benefit plans are recognized in Other Comprehensive Income, which are not reclassified to profit or loss in a subsequent period. Further, as required under Ind AS compliant Schedule III, the Company transfers those amounts recognized in Other Comprehensive Income to retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Short-term employee benefits

The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Company has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

g. Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation (other than freehold land) and impairment losses, if any.

All property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, including duties and non-refundable taxes, expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs. Initial estimate of costs of dismantling and removing the item and restoring the site on which it is located is also included if there is an obligation to restore it.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Depreciation is charged to Statement of Profit and Loss so as to expense the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight line method, as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Asset Category	Useful lives (in years)
Buildings	30
Plant and equipment	15
Furniture and fixtures	8
Vehicles	6
Office equipment	5
Computer equipment	3

The Company has evaluated the applicability of component accounting as prescribed under Ind AS 16 and Schedule II of the Companies Act, 2013, the management has not identified any significant component having different useful lives.

Depreciation methods, useful lives and residual values are reviewed periodically and updated as required, including at each financial year end.

Capital work in progress represents projects under which the property, plant and equipment are not yet ready for their intended use and are carried at cost determined as aforesaid.

h. Intangible assets

Intangible assets include cost of acquired software. Intangible assets are initially measured at acquisition cost including directly attributable costs of preparing the asset for its intended use.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of amortization of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Company amortises intangible over their estimated useful lives using the straight-line method. Intangible assets are amortised over a period of three years.

i. Impairment of assets

Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

i. Impairment of assets (Cont'd)

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

j. Assets classified as held for sale

The Company classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

k. Foreign currency translations

The functional currency of the Company is the Indian Rupee (₹).

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried at historical cost and denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value denominated in a foreign currency are retranslated at the rates prevailing at the date when the fair value was determined.

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the Statement of Profit and Loss.

l. Inventories

Inventory comprises food, beverages, stores and spare parts and are valued at the lower of cost and net realisable value.

Cost includes cost of purchase and other costs incurred in bringing the goods to their present location and condition and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

m. Lease

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The useful life of the right-of-use asset is between 10 and 60 years.

Royal Orchid Hotels Limited

Summary of significant accounting policies and other explanatory information (Cont'd)

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

j. Lease (Cont'd)

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term.

n. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest expense as per Effective Interest Rate (EIR) and other costs that an entity incurs in connection with the borrowing of funds.

o. Provisions, Contingent liabilities and Contingent assets

Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or it cannot be measured with sufficient reliability. The Company does not recognise a contingent liability but discloses its existence in the standalone financial statements.

Contingent assets

Contingent assets are neither recognised nor disclosed. However, when realisation of income is virtually certain, related asset is recognised.

p. Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

i. Current tax:

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

While determining the tax provisions, the Company assesses whether each uncertain tax position is to be considered separately or together with one or more uncertain tax positions depending upon the nature and circumstances of each uncertain tax position.

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

p. Income taxes (Cont'd)

i. Deferred tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent there is reasonable certainty that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

q. Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

r. Earnings / (Loss) Per Share

Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year including potential equity shares on compulsory convertible debentures. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

s. Share based payments

The Company has equity-settled share-based remuneration plans for its employees. None of the Company's plans are cash-settled.

s. Share based payments (Cont'd)

Where employees are rewarded using share-based payments, the fair value of employees' services is determined indirectly by reference to the fair value of the equity instruments granted. This fair value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example profitability and sales growth targets and performance conditions).

All share-based remuneration is ultimately recognised as an expense in profit or loss with a corresponding credit to equity. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest.

Upon exercise of share options, the proceeds received, net of any directly attributable transaction costs, are allocated to share capital up to the nominal (or par) value of the shares issued with any excess being recorded as share premium.

t. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company is engaged in the business of operating and managing hotels/resorts and providing related services, which constitutes its single reportable segment.

u. Financial Instruments

ii. Financial assets

Initial recognition and measurement

- Financial assets are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition. When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss directly attributable transaction costs.
- Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Classification

- Cash and Cash Equivalents - Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.
- Debt Instruments - the Company classifies its debt instruments as subsequently measured at amortised cost, fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

a. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

b. Financial assets at fair value through Other Comprehensive Income (FVOCI)

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

u. Financial Instruments (cont'd)

a. Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

Equity Instruments - The Company subsequently measures all equity investments (other than the investment in subsidiaries, joint ventures and associates which are measured at cost) at fair value. Where the Company has elected to present fair value gains and losses on equity investments in Other Comprehensive Income ("FVOCI"), there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

At the date of transition to Ind AS, the Company has made an irrevocable election to present in Other Comprehensive Income subsequent changes in the fair value of equity investments that are not held for trading.

When the equity investment is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Retained Earnings directly.

De-recognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

iii. Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

u. Financial Instruments (cont'd)

Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated. During the years reported, no hedge relationship was designated.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

iv. Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

v. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

v. Cash and cash equivalents

Cash and cash equivalent in the statement of financial position comprises cash at banks and on hand, demand deposits, short-term deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash, which are subject to an insignificant risk of changes in value.

w. Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs with two decimals as per the requirement of Schedule III, unless otherwise stated.

x. New standards or other amendments issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1 April 2022, Key amendments are as below:

Ind AS 16 - Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

x. New standards or other amendments issued but not yet effective (Cont'd)

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that related directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

None of the amendments notified by MCA which are applicable from 1 April 2022 are expected to have any material impact on the standalone financial statements of the Company.

Notes:

- i. **Securities premium account**
This reserve represents the premium on issue of shares and can be utilised in accordance with the provisions of the Companies Act, 2013.
- ii. **Share based payment reserve**
The share based payment reserve is used to record the value of equity settled share based payment transaction with employees. The amounts recorded in share based payment reserves are transferred to share capital and share premium (excess of fair value) upon exercise of stock options by employees. In case of forfeiture of shares by employees, such amounts are transferred to general reserve.
- iii. **Retained earnings**
All the profits or losses made by the Company are transferred to retained earnings from Standalone Statement of Profit and Loss.
- iv. **General reserve**
The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to Statement of Profit and Loss.
- v. Refer Standalone Statement of Changes in Equity for movement in each reserve.

44	Employee benefit plans		
a)	Defined contribution plans		
	The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised ₹ 56.31 (31 March 2021: ₹ 41.56) for Provident Fund contributions, and ₹ 13.80 (31 March 2021: ₹ 6.42) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.		
b)	Defined benefit plans		
	The Company offers gratuity benefit scheme to its employees in India as per 'The Payment of Gratuity Act, 1972'. Under the act, employee who has completed five years of service is entitled to gratuity benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The following table sets out the status of the gratuity plan as required under Indian Accounting Standard (Ind AS) - 19 - Employee benefits:

vii. Sensitivity analysis

Description of Risk Exposures

Valuations are performed on certain basic set of pre-determined assumptions which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit which are as follows:

- a. **Interest Rate Risk:**
The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of liability (as shown in financial statements).
- b. **Liquidity Risk:**
This is the risk that the Company is not able to meet the short term benefit payouts. This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
- c. **Salary Escalation Risk:**
The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
- d. **Demographic Risk:**
The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
- e. **Regulatory Risk:**
Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (for example, increase in the maximum liability on gratuity of ₹ 20).
- f. **Asset Liability Mismatching or Market Risk:**
The duration of the liability is longer compared to duration of assets exposing the company to market risks for volatilities/fall in interest rate.
- g. **Investment Risk:**
The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

44. Employee benefit plans (cont'd)

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis on the defined benefit obligation is given below:

Particulars	Year ended 31 March 2022		Year ended 31 March 2021	
	Increase	Decrease	Increase	Decrease
Discount Rate (- / + 1%)	209.13	(218.26)	189.47	(198.16)
Salary Growth Rate (- / + 1%)	217.84	(209.40)	197.86	(189.66)
Attrition Rate (- / + 50% of attrition rates)	204.27	(233.56)	182.88	(217.70)
Mortality rate (- / + 10%)	213.60	(213.60)	193.72	(193.72)

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There are no changes from the previous period in the methods and assumptions used in preparing the sensitivity analysis.

There is no change in the method of valuation for the prior period.

(viii)	Maturity analysis of Defined Benefit Obligation		
	Particulars	As at	As at
		31 March 2022	31 March 2021
	Weighted average duration (based on discounted cashflows)	2 years	2 years
	Expected cash flows over the next (valued on undiscounted basis):		
	1 year	102.49	89.16
	2 to 5 years	117.99	108.95
	6 to 10 years	15.10	14.75
	More than 10 years	1.06	1.04
c)	Actuarial assumptions considered to determine the provision required for compensated absences is same as gratuity provision.

46	Capital management		
	For the purpose of the Company's capital management, capital includes issued capital, additional paid in capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.		
	In order to achieve this overall objective, the company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.		
	The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash.

49. Financial risk management

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer.

The Company's risk management activity focuses on actively securing the Company's short to medium-term cash flows by minimising the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Company is exposed are described below.

A. Credit risk analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company, resulting in a financial loss. The Company is exposed to this risk for various financial instruments. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets, as summarised below:

	As at 31 March 2022	As at 31 March 2021
Non-current assets		
(i) Loans	1,454.14	1,501.72
(ii) Other non-current financial assets	2,032.35	2,243.16
Current assets		
(i) Loans	1,358.32	1,550.58
(ii) Trade receivables	988.87	688.88
(iii) Cash and cash equivalents	843.55	428.86
(iv) Bank balances other than (iii) above	2,255.02	2,192.62
(v) Other financial assets	405.59	942.99
Total financial assets	9,337.84	9,548.81

A1: Trade and other receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, Financial Instruments, the Company uses expected credit loss model to assess the impairment loss or gain. The provision for expected credit loss takes into account available external and internal credit risk factors and Company's historical experience for customers.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for customers. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written off if past due for more than 180 days and are not subject to enforcement activity. The Company has evaluated all debts less than 180 days and impairment loss on these debts were not material.

49 Financial risk management (Cont'd)

The allowance/reversal for life time expected credit loss on customer balances for the year ended 31 March 2022 and 31 March 2021 is given below:

	As at 31 March 2022	As at 31 March 2021
Balance at the beginning of the year	146.02	264.02
Impairment loss recognised	(4.48)	20.95
Impairment loss reversed/ written off	(35.78)	(138.95)
Balance at the end of the year	105.76	146.02

A2: Cash and cash equivalents

The credit risk for cash and cash equivalents, and derivative financial instruments is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Financial assets that are neither past due nor impaired

Cash and cash equivalents, advances recoverable, loans and advances to employees, security deposit and other financial assets are neither past due nor impaired.

Financial assets that are past due but not impaired

There is no other class of financial assets that is past due but not impaired.

B. Liquidity risk

Liquidity risk is that the Company might be unable to meet its obligations. The Company manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business. The data used for analysing these cash flows is consistent with that used in the contractual maturity analysis below. Liquidity needs are monitored in various time bands, usually on a month on month basis. Long-term liquidity needs for a 360-day lookout period are identified monthly. Net cash requirements are compared to available borrowing facilities in order to determine headroom or any shortfalls. This analysis shows that available borrowing facilities are expected to be sufficient over the lookout period.

The Company's objective is to maintain cash and marketable securities to meet its liquidity requirements for 30-day periods at a minimum. This objective was met for the reporting periods. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and the ability to sell long-term financial assets.

The Company's non-derivative financial liabilities that have contractual maturities (including interest payments where applicable) are summarised below:

Maturities of financial liabilities				
As at 31 March 2022	Less than 1 year	1 year to 5 years	More than 5 years	Total

C. Market risk

The Company is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from both its operating and investing activities.

i. Foreign currency risk

The predominant currency of the Company's revenues and operating cash flows is Indian Rupees (INR). The Company is exposed to foreign exchange risk on account of advances given to its wholly owned subsidiary in foreign currency. The exchange rate between the rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are adversely affected as the rupee appreciates/ depreciates against these currencies.

Foreign currency denominated financial assets and liabilities which expose the Company to currency risk are disclosed below. There are no forward exchange contracts entered into by the Company as at 31 March 2022 and 31 March 2021.

The year end foreign currency exposures that have not been hedged by derivative instrument or otherwise are given below:

	Currency	As at 31 March 2022	As at 31 March 2021
Non-current assets			
Financial assets			
(i) Loans	USD	14.40	14.40
	INR	1,126.32	1,070.44
Conversion rates	USD	78.22	74.34

Sensitivity: The following table details the Company's sensitivity to a 1% increase and decrease in the ₹ against the relevant foreign currencies. 1% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant. A positive number below indicates an increase in profit or equity where ₹ strengthens 1% against the relevant currency. For a 1% weakening of ₹ against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

	Increase 31 March 2022	Decrease 31 March 2022	Increase 31 March 2021	Decrease 31 March 2021
Sensitivity				
INR/USD	11.26	(11.26)	10.70	(10.70)

(ii) Interest rate risk			
(ii.a) Liabilities			
The Company's policy is to minimise interest rate cash flow risk exposures on bank/financial institution financing. As at 31 March 2022, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company's investments in fixed deposits pay fixed interest rates.			
Interest rate risk exposure			
Below is the overall exposure of the Company to interest rate risk:			
Particulars	As at 31 March 2022	As at 31 March 2021	
Variable rate borrowing	4,053.54	4,261.69	
Fixed rate borrowing	1,998.33	611.79	
Total borrowings	6,051.87	4,873.48

Sensitivity		
Below is the sensitivity of profit or loss in interest rates.		
Particulars	As at 31 March 2022	As at 31 March 2021
Interest sensitivity		
Interest rates - increase by 100 basis points (100 bps)	(40.54)	(42.62)
Interest rates - decrease by 100 basis points (100 bps)	40.54	42.62
(ii.b) Assets		
The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

52. Contingent liabilities

a. Claims against the Company not acknowledged as debt:

- i. The Company has been named as a defendant in a suit filed in mid 2008 by Kamat Hotels (India) Limited ('the plaintiff' or "Kamat Hotels") with Bombay High Court restraining the alleged use of the trademark of the Company and a relief of a permanent injunction restraining the Company from using the trademark 'Orchid'. The Company had filed an application seeking an interim injunction while the above proceedings are pending. The Bombay High Court vide its interim order dated 05 April 2011, has allowed the Company to continue to operate its current hotels as on that date but has restrained the Company from opening new hotels under the said brand. However, the Division bench of the Bombay High Court vide its order dated 06 May 2011 has partially stayed operation of the said Order and allowed opening of one of Company's proposed hotels in Vadodara under the 'Royal Orchid' brand.

During the year ended 31 March 2014, the Company has obtained two favorable rulings from the Intellectual Property Appellate Board ("IPAB"). Kamat Hotels had preferred to appeal the ruling of IPAB in Madras High Court. The Madras High Court has passed orders cancelling the registration in Class 42 of Trademarks Act and the Company has filed a Special Leave Petition "SLP" with the Honorable Supreme Court in 2015. Reply to SLP was filed by Kamat Hotels in the form of Counter affidavit and the Company has filed a Rejoinder in the form of an affidavit. The matter was partly heard by the Honorable Supreme Court in April and May of 2017 and has advised Kamat Hotels to consider the options for settlement by displaying the disclaimers on the Websites regarding the disassociation between the two brands. On 13 February 2018, the Supreme Court dismissed the SLP filed by the Company and consequently, the Company has filed a Chamber Appeal against the said Order which was listed on August 3, 2018. The Chamber accepted the clarification filed by the Company. Therefore, the management believes that the outcome of SLP affects only the registration of the trademarks in Class 42 and does not in any way affect the use of marks by the Company.

- ii. The Company has been named as a defendant in two civil suits on a portion of land taken on lease from the Karnataka State Tourism Development Corporation ("KSTDC") for the operation of the Hotel Royal Orchid Regenta, Bangalore, which is adjacent to the hotel premises. One of the civil suit has been settled in favour of the Company, against which an appeal before the High Court of Karnataka, is pending and in the other matter the Company has an injunction against the other party. Management believes that these cases are not material and will not adversely affect its operations.
- iii. The Company received tax demand including interest, from the Indian tax authorities for payment of ₹ 504.99 (31 March 2021: ₹ 504.99) for financial years 2008-09, 2010-11 and 2017-18 arising on denial of certain expenditures and disallowances made under section 14A for exempt incomes, upon completion of tax assessment for the financial years 2008-09, 2010-11 and 2017-18. The Company's appeal against the said demands were allowed partially in favour of the Company. Currently, the matter for 2008-09 and 2010-11 financial years are pending before the Income Tax Appellate Tribunal (ITAT) for hearing. And for 2017-18 financial year the hearing is pending before Commissioner of Income Tax (Appeals) [CIT(A)].

The Company is contesting all the above demands and the management believes that the final outcome of all the disputes would be in favour of the Company and will not have any material adverse effect on the financial position and results of operations.

- iv. The Company had filed a contempt petition against another party from whom shares of a subsidiary was purchased, for not complying with the consent terms agreed before the Bombay High Court in relation to providing second right of way to the immovable property held by the said subsidiary in which the Company had made an investment. During the year, the Company has disposed its interest in this subsidiary and accordingly has written back the provision created by the Company amounting to ₹250. While the contempt petition is still being contested, the Company has obtained a legal opinion basis which the Company is of the view that this amount will not be payable.

59. Impact of COVID-19 on the operations of the Company

The COVID-19 pandemic has impacted and continues to impact hospitality industry due to lockdown, travel bans, quarantines and other emergency measures resulting in reduction in occupancy of hotels and average realization rate per room. The Company's business has been impacted during the year on account of the second wave of COVID-19 during the first three months and a third wave in the last quarter. Whilst there has been a second and third wave of the COVID-19 pandemic during the year where the Company operates, there has also been increased vaccination drive by the Government and with the unlocking of restrictions, the Company witnessed a recovery in its demand especially in its leisure destinations and business is expected to gradually improve.

The Company has also assessed the possible impact of COVID-19 in preparation of the standalone financial statements, including but not limited to its assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs. In evaluating the impact of the COVID-19 pandemic on its ability to continue as a going concern and the possible impact on its financial position, management has used the principles of prudence and exercised judgements in estimating occupancy rates and average room rate per hotel while developing cash-flow forecasts. Towards this objective, the management is implementing various initiatives like rationalizing costs, negotiating rent waivers, negotiating extended credit terms with suppliers and lenders, availing term loan moratorium from banks, building efficiencies in collections and taking various initiatives to improve revenues. The Company believes that with a combination of the above mitigation plans, it would be able to recover its assets and meet all its obligations in the normal course of business. Accordingly, the management believes that the Company will continue as a going concern.

Management has used internal and external sources of information upto the date of approval of these standalone financial statements in determining the recoverability of property, plant and equipment, investments and other financial assets, and trade receivables as at 31 March 2022. The impact of the global health pandemic may be different from that estimated as at the date of approval of these standalone financial statements given the uncertainties associated with its nature and duration. The Company will continue to monitor any material changes to future economic conditions and any significant impact of these changes would be recognised in the standalone financial statements as and when these material changes to economic conditions arise.

Independent Auditor's Report

To the Members of Royal Orchid Hotels Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Royal Orchid Hotels Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associate, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and associate the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its associate, as at 31 March 2022, their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 17 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

Impact of Covid-19

4. We draw attention to Note 64 to the accompanying Consolidated Financial Statements, which describes the effects of uncertainties relating to the effects of COVID-19 pandemic and management's evaluation of its impact on the business operations of the Group and accompanying financial results as at reporting date, the extent of which is significantly dependent on future developments as they evolve. Our opinion is not modified in respect of this matter.

Material uncertainty on associate's ability to continue as a going concern

5. We draw attention to Note 57 of the accompanying Consolidated Financial Statements, which describes that in case of Ksheer Sagar Developers Private Limited ("subsidiary until 1 March 2022 and associate effective 2 March 2022"), there are events and conditions that indicate the existence of a material uncertainty that may cast significant doubt about the associate company's ability to continue as a going concern and accordingly, the auditor of such associate company has reported a section on Material Uncertainty relating to Going Concern, in their auditor's report on its financial statements for the year ended 31 March 2022. Our opinion is not modified in respect of this matter.

Key Audit Matters

6. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries and associate, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
7. We have determined the matters described below to be the key audit matters to be communicated in our report.

Independent Auditor's Report (Cont'd)

Key audit matter	How our audit addressed the key audit matter
<p>Evaluation of Management's Assessment of appropriateness of going concern assumption:</p> <p>As disclosed in Note 64 to the consolidated financial statements, the COVID-19 pandemic has severely impacted the operations of the Company leading to low occupancies and shutdown of some of the hotels of the Company across India for certain periods of time during the year to comply with the restriction guidelines issued by the Central/State governments in this respect.</p> <p>On account of aforesaid impact of the pandemic, certain companies in the group have suffered a loss during the current year as at 31 March 2022. Such events and conditions require the management to do a detailed assessment of the Company's ability to continue as a going concern for the foreseeable future as per the requirements of Ind AS 1, Presentation of Financial Statements.</p> <p>The assessment of appropriateness of use of going concern basis of accounting for preparation of the financial statements by the Management, as mentioned above, involves significant judgement in terms of expected revival of the business and estimation of key input variables such as average occupancy rate, average room rate, future business plans and expected sources of funding to meet the fixed costs of maintaining such establishments in running conditions, amongst other estimates.</p> <p>The management, based on their assessment of expected availability of cash flows and future business plans, has concluded that use of going concern basis of accounting for preparation of accompanying financial statements is appropriate and no material uncertainty exists in this respect basis the mitigating factors as explained in the said note.</p> <p>The auditing standard, SA 570, Going Concern, also casts a responsibility on the auditors to assess the aforesaid assessment made by the management and to verify whether the disclosures made by the management in the financial statements in this respect meet the requirements of applicable financial reporting framework.</p> <p>Considering the significant judgements and estimates with high estimation uncertainty involved as above, and the pervasive impact of the matter on the financial statements, we have considered the assessment of management's evaluation of going concern basis of accounting for preparation of the accompanying consolidated financial statements, as a key audit matter in the current year audit since this matter required significant efforts and attention from us during the audit.</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of the process followed by the Management to identify all the factors that impact the going concern evaluation which includes preparation of cash flow projections and liquidity analysis, etc.; 2. Evaluated the design and implementation of relevant controls, and tested the operating effectiveness of such controls relating to above process which inter-alia includes controls around reasonableness of the input data and assumptions used in preparing the cash flow projections for the foreseeable future; 3. Obtained the cash flow projections prepared by the Management and performed the following procedures: <ul style="list-style-type: none"> • Traced such cash flow projections to the future business plans approved by the Board of Directors of the Group entities. • Tested the appropriateness and reasonableness of inputs and assumptions used in the cash flow projections with reference to historical performance, internal and external sources of information about the hospitality industry and the Company's strategy including various measures undertaken by the Company under the prevalent conditions of the COVID-19 pandemic. • Performed sensitivity analysis on the key input variables used in cash flow projections to assess the impact of change on the overall cash flows to identify the estimation uncertainty involved in relation to such estimates. • Tested the arithmetical accuracy of the calculations including those related to sensitivity analysis performed by the management. 4. Evaluated the appropriateness and adequacy of the disclosures made in the consolidated financial statements in respect of going concern as required under the applicable accounting standards.

Independent Auditor's Report (Cont'd)

Key audit matter	How our audit addressed the key audit matter
<p>Impairment assessment of non-current assets including goodwill in subsidiaries</p> <p>As disclosed in Note 3, 4, 6, 7, 8, 9, 10, 11, 12 and 21, the consolidated financial statements of the Group as at 31 March 2021 include Property, plant and equipment including Capital Work-in-progress of ₹9,029.65 lakhs, goodwill of ₹1,763.97 Lakhs, investments of ₹2,430.50 lakhs, loans of ₹ 696.84 lakhs, other financial and non-financial non-current assets aggregating to ₹1,043.86 lakhs and Assets held for sale of ₹1,482.34 lakhs (net of impairment of ₹603.05 Lakhs) (hereinafter collectively referred to as "assets") held by the subsidiaries of the Group.</p> <p>During the current year ended 31 March 2022, on account of reported losses by certain subsidiaries and associate, impact of COVID-19 pandemic on the operations of such companies and management's intention to dispose assets in subsidiaries, the management has identified that indicators exist that requires the management to test the carrying value of such assets for possible impairment in accordance with the requirements of Ind AS 36, Impairment of Assets ('Ind AS 36'). This is in addition to the requirement of annual test of impairment that the management performs on goodwill outstanding as at year end by computing value-in-use of the cash generating units ('CGUs') to which such goodwill is allocated.</p> <p>Management's assessment of the recoverable amount of the aforesaid assets requires estimation and judgement around assumptions used in the Discounted Cash Flow valuation model adopted by the Company for the purpose, primarily around expected revival of business from the pandemic, estimated growth in the operations in the form of occupancy rate and room rates to assess ability to generate cash profits in the future, the discount rates applied in the model and fair value of immovable properties. Changes to such assumptions could lead to material changes in estimated recoverable amounts, resulting in impairment of the assets pertaining to the subsidiary companies reflected in the accompanying consolidated financial statements of the Group.</p> <p>Considering the significance of the amounts involved, and auditor attention required to test the appropriateness of accounting estimate that involves high estimation uncertainty and significant management judgement, this matter has been determined to be a key audit matter for the current year audit..</p>	<p>Our audit procedures included, but were not limited to, the following:</p> <ol style="list-style-type: none"> 1. Obtained an understanding of the management process for identification of possible impairment indicators and process performed by the management for impairment testing; 2. Evaluated the design and implementation of relevant controls and tested the operating effectiveness of such internal controls which inter-alia include controls around identification of CGUs, the reasonableness of input data considered and assumptions made in determining the recoverable value of assets; 3. Obtained the impairment assessment prepared by the Management for the assets and performed the following procedures: <ul style="list-style-type: none"> • Held discussions with the Company/Subsidiaries'/Associate's personnel to understand management's rationale of identification of CGUs and to identify additional factors, if any, which, in our professional judgement, should have been considered in determination of recoverable value of the assets. • Assessed the competence, independence and objectivity of the management's experts involved in determining recoverable value of the assets, as applicable. • Involved our internal valuation specialists to assess the appropriateness of the methodology applied in determining the recoverable amount and test the key valuation assumptions considered by the Management in such models. • Tested the mathematical accuracy of the management computations of cash flows and sensitivity analysis. • Reconciled the cash flows to the business plans approved by the respective Board of Directors of the identified investee companies/CGUs. • Evaluated key assumptions in management's valuation models used to determine recoverable amount including assumptions of projected adjusted EBITDA, growth rate and assessed the forecasts considering our understanding of the business and industry based on internal and external sources of information, including the impact of COVID-19 on such assumptions. • Performed independent sensitivity analysis of aforesaid key assumptions to assess the effect of reasonably possible variations on the current estimated recoverable amount for respective CGUs to evaluate sufficiency of headroom between recoverable value and carrying amounts. 4. Evaluated the appropriateness and adequacy of the disclosures made in the consolidated financial statements in respect of aforesaid matter in accordance with the requirements of the accounting standards.

Independent Auditor's Report (Cont'd)

Information other than the Consolidated Financial Statements and Auditor's Report thereon

8. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

9. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group, and its associate company covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.
10. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
11. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
13. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

Independent Auditor's Report (Cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities or business activities within the Group, and its associate, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

17. We did not audit the financial statements of fourteen subsidiaries, whose financial statements reflects total assets of ₹8,072.14 lakhs and net assets of ₹4,436.62 as at 31 March 2022, total revenues of ₹2,977.13 lakhs and net cash inflows amounting to ₹292.71 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of Nil for the year ended 31 March 2022, as considered in the consolidated financial statements, in respect of one associate, whose financial statements has not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associate are based solely on the reports of the other auditors.

Further, of these subsidiaries, one subsidiary, is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiaries located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Independent Auditor's Report (Cont'd)

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

18. As required by section 197(16) of the Act based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 17, on separate financial statements of the subsidiaries and associate, we report that the Holding Company and one subsidiary company incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that fourteen subsidiary companies and one associate company incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary and associate companies.
19. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 17 above, of companies included in the consolidated financial statements for the year ended 31 March 2022 and covered under the Act, refer Annexure III for details of qualifications and/or adverse remarks given by the respective auditors in the Order reports of such companies.
20. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries and associate incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c. The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d. In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
 - e. On the basis of the written representations received from the directors of the Holding Company, its subsidiary companies and associate company and taken on record by the Board of Directors of the Holding Company, its subsidiary companies and associate company, and the reports of the statutory auditors of its subsidiary companies and associate company, covered under the Act, none of the directors of the Group companies and its associate company are disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies and associate company covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure II' wherein we have expressed an unmodified opinion; and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries and associate incorporated in India whose financial statements have been audited under the Act:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate as detailed in Note 55 to the consolidated financial statements;
 - ii. The Holding Company, its subsidiary companies and its associate company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and associate company covered under the Act, during the year ended 31 March 2022;

Independent Auditor's Report (Cont'd)

- iv.
 - a. The respective managements of the Holding Company, its subsidiary companies and associate company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate respectively that, to the best of their knowledge and belief, as disclosed in Note 63 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies, its associate company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary companies, its associate company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The respective managements of the Holding Company, its subsidiary companies and associate company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate respectively that, to the best of their knowledge and belief, as disclosed in the Note 63 to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its subsidiary companies, or its associate company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiary companies, its associate companies shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries, associates, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- i. The Holding Company, its subsidiary companies, associate companies have not declared or paid any dividend during the year ended 31 March 2022

Annexure II to the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the consolidated financial statements for the year ended 31 March 2022

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Royal Orchid Hotels Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), and associate as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies and its associate company which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies and associate company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies and its associate company as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure II to the Independent Auditor's Report of even date to the members of Royal Orchid Hotels Limited on the consolidated financial statements for the year ended 31 March 2022 (Cont'd)

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies and its associate company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to thirteen subsidiary companies, which are companies covered under the Act, whose financial statements reflect total assets of ₹ 5,887.25 lakhs and net assets of ₹3,476.52 lakhs as at 31 March 2022, total revenues of ₹2,977.13 lakhs and net cash inflows amounting to ₹287.57 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of Nil for the year ended 31 March 2022, in respect of one associate company, which is company covered under the Act, whose internal financial controls with reference to financial statements have not been audited by us. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary companies and associate company have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company, its subsidiary companies and associate company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies and associate company is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Royal Orchid Hotels Limited

Summary of significant accounting policies and other explanatory information

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

1. Corporate Information

Royal Orchid Hotels Limited ('the Holding Company/ the Company') is a public company and is domiciled in India. The Holding Company was incorporated in 1986. The shares of the Holding Company are listed on BSE Limited and The National Stock Exchange in India Limited. The Holding Company, its Subsidiaries and its associate (collectively referred to as the 'Group') are engaged in the business of operating and managing hotels/ resorts and providing related services, through its portfolio of hotel properties across the country. The registered office of the Holding Company is located at No.1, Golf Avenue, Adjoining KGA Golf Course, Airport Road, Bengaluru - 560 008.

2. Summary of significant accounting policies

a) Statement of compliance

The Consolidated Financial Statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 by Ministry of Corporate Affairs ('MCA') and the guidelines issued by the Securities and Exchange Board of India. The Group has uniformly applied the accounting policies during the periods presented.

b) Basis of preparation and presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair valued, such as value in use quantification as per Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

c) Principles of Consolidation

The consolidated financial statements incorporate the financial statements of the Holding Company and its subsidiaries. Control is achieved when the Group has power of the investee, it is exposed or has rights, to variable returns from its involvement with the investee; and has the ability to use its power to affect its returns. The Group reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Group gains control until the date the Group ceases to control the subsidiary. Profit or loss and each component of Other Comprehensive Income are attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

c. Principles of Consolidation (cont'd)

Subsidiaries

Subsidiaries are entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of that entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group."

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intra-Group transactions, balances and unrealised gains on transactions between entities within the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and the Consolidated Balance Sheet respectively.

Associates and equity method accounting

Associates are entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in the Consolidated Statement of Profit and Loss, and the Group's share of Other Comprehensive Income of the investee in Other Comprehensive Income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealised gains on transactions between the Group and its Associates and its Joint Ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group. The carrying amounts of equity accounted investments are tested for impairment.

The financial statements of subsidiaries and associate consolidated are drawn upto the same reporting date as that of the Holding Company.

Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate an equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in Other Comprehensive Income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in Other Comprehensive Income are reclassified to the Statement of Profit and Loss. If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in Other Comprehensive Income are reclassified to the Statement of Profit and Loss where appropriate.

2 Summary of significant accounting policies (cont'd)

d) Goodwill

Goodwill comprises the portion of the purchase price for an acquisition that exceeds the Group's share in the identifiable assets, with deductions for liabilities, calculated on the date of acquisition.

Goodwill arising from the acquisition of associate is included in the carrying value of the investment in associates. Goodwill is deemed to have an indefinite useful life and is reported at acquisition value with deduction for accumulated impairments. An impairment test of goodwill is conducted once every year or more often if there is an indication of a decrease in value. The impairment loss on goodwill is reported in the Consolidated Statement of Profit and Loss.

e) Use of estimates

The preparation of the consolidated financial statements in conformity with the recognition and measurement principals of Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities and disclosure relating to contingent liabilities as at the date of consolidated financial statements and the reported amounts of income and expenditure during the reported year. The Management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

Useful lives of property, plant and equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Impairment of investments

The Group reviews its carrying value of investments carried at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Litigation

From time to time, the Group is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgement is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

Income taxes

Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Group estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management's expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Consolidated Statement of Profit or Loss.

Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each balance sheet date.

2. Summary of significant accounting policies (Cont'd)

Contingent liability

At each balance sheet date basis the management estimate, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding guarantees and litigations. However, the actual future outcome may be different from this estimate.

Fair value measurements

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Recoverability of advances / receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Estimation uncertainty relating to COVID-19 - Refer Note 64

f) **Current versus non-current classification**

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has evaluated and considered its operating cycle as 12 months.

Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

g) **Revenue recognition**

Performance obligation in contract with customers is met throughout the stay of guest in the hotel or on rendering of services and sale of goods.

Revenue from contracts with customers is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognized.

Income from operations

Revenues comprise income from the sale of room nights, food and beverages, banquet services and allied services during a guest's stay at the hotel. Room revenue is recognized based on occupation and revenue from sale of food, beverages, banquet services and allied services, as the respective services are rendered with reasonable certainty of ultimate collection. Other revenues are recognized as and when the services are performed or the right to receive claim is established, with reasonable certainty for ultimate collection. Rebates and discounts granted to customers are reduced from revenue.

Royal Orchid Hotels Limited

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

Income from management and technical services are recognised as the services are rendered based on the terms of the contract. Unbilled revenues represent revenues recognised on services rendered, for which amounts are to be billed in subsequent periods.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend

Dividend income is recognized when the Group's right to receive the amount is established."

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

h) Employee benefits

Employee benefits include provident fund, employee state insurance scheme, labour welfare fund, gratuity and compensated absences. Expenses and liabilities in respect of employee benefits are recorded in accordance with Ind AS 19, Employee Benefits.

Defined contribution plan

Retirement benefit in the form of provident fund and employee state insurance scheme is a defined contribution scheme. The Group is generally liable for annual contributions and any shortfall in the fund assets based on the minimum rates of return prescribed by the Central Government and recognises such contributions and shortfall, if any, as an expense in the year in which the corresponding services are rendered by the Employee.

Retirement benefit in the form of provident fund and employee state insurance scheme is a defined contribution scheme. The Group is generally liable for specified contributions to a separate entity and has no obligation to pay any further amounts. The Group's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plan

Gratuity

The liability recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Compensated absences

The Group provides benefit of compensated absences under which unveiled leave are allowed to be accumulated to be availed in future. The compensated absences comprises of vesting as well as non-vesting benefit. The cost of short term compensated absences are provided for based on estimates. Long term compensated absence costs are provided for based on actuarial valuation using the project unit credit method.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance Sheet date.

Royal Orchid Hotels Limited

Summary of significant accounting policies and other explanatory information (Cont'd)

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)

Service cost on the Group's defined benefit plan is included in employee benefits expense. Employee contributions, all of which are independent of the number of years of service, are treated as a reduction of service cost.

Gains and losses through re-measurements of the defined benefit plans are recognized in other comprehensive income, which are not reclassified to profit or loss in a subsequent period. Further, as required under Ind AS compliant Schedule III, the Group transfers those amounts recognized in other comprehensive income to retained earnings in the statement of changes in equity and in the balance sheet.

Short-term employee benefits

The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Group has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

i) **Property, plant and equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation (other than freehold land) and impairment losses, if any.

All property, plant and equipment are initially recorded at cost. Cost includes the acquisition cost or the cost of construction, including duties and non-refundable taxes, expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use and, in the case of qualifying assets, the attributable borrowing costs. Initial estimate of costs of dismantling and removing the item and restoring the site on which it is located is also included if there is an obligation to restore it.

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Depreciation is charged to Statement of Profit and Loss so as to expense the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight line method, as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Leasehold building (including improvements) is amortised on a straight-line basis over the period of the lease.

Asset Category	Useful lives (in years)
Buildings	30
Plant and equipment	15
Furniture and fixtures	8
Vehicles	6
Office equipment	5
Computer equipment	3

The Group has evaluated the applicability of component accounting as prescribed under Ind AS 16 and Schedule II of the Companies Act, 2013, the management has not identified any significant component having different useful lives.

Depreciation methods, useful lives and residual values are reviewed periodically and updated as required, including at each financial year end.

Capital work in progress represents projects under which the property, plant and equipment are not yet ready for their intended use and are carried at cost determined as aforesaid.

j) Intangible Assets

Intangible assets include cost of acquired software. Intangible assets are initially measured at acquisition cost including directly attributable costs of preparing the asset for its intended use.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of amortization of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Group amortises intangible over their estimated useful lives using the straight-line method. Intangible assets are amortised over a period of three years.

k) Impairment of assets

Goodwill which has an indefinite useful life is not subject to amortisation and is tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

l) Assets classified as held for sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

m) Foreign currency translations

The functional currency of the Group is Indian rupee (₹).

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried at historical cost and denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value denominated in a foreign currency are retranslated at the rates prevailing at the date when the fair value was determined.

2. Summary of significant accounting policies (Cont'd)

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction.

Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the Statement of Profit and Loss.

Translation of financial statements of foreign operations

Assets and liabilities of foreign entities are translated into Indian Rupees on the basis of the closing exchange rates as at the end of the period. Income and expenditure and cash flow are generally translated using average exchange rates for the period unless those rates do not approximate the actual exchange rates at the dates of specific transactions, in which case the exchange rates as at the dates of transaction are used. All resulting exchange differences are recognised in Other Comprehensive Income. On consolidation, exchange differences arising from the translation of any net investment in foreign entities are recognised in Other Comprehensive Income. When a foreign operation is sold, the associated exchange differences are reclassified to the Statement of Profit and Loss, as a part of gain or loss on sale.

n) Lease:

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The useful life of the right-of-use asset is between 10 and 60 years.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense over the lease term.

o) Government grants

The Group may receive government grants that require compliance with certain conditions related to the Group's operating activities or are provided to the Group by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognised when there is reasonable assurance that the grant will be received, and the Group will comply with the conditions attached to the grant. Accordingly, government grants:

- i. related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the period in which the associated obligations are fulfilled.
- ii. related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- iii. by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

p) Income Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

p. Income Taxes (Cont'd)

i. Current tax:

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

While determining the tax provisions, the Group assesses whether each uncertain tax position is to be considered separately or together with one or more uncertain tax positions depending upon the nature and circumstances of each uncertain tax position.

ii. Deferred tax :

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ("MAT") credit forming part of Deferred tax assets is recognized as an asset only when and to the extent there is reasonable certainty that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

q) Inventories

Inventory comprises food, beverages, stores and spare parts and are valued at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the goods to their present location and condition and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

r) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

s) Provisions and contingencies

Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or it cannot be measured with sufficient reliability. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent assets

Contingent assets are neither recognised nor disclosed. However, when realisation of income is virtually certain, related asset is recognised.

t) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

u) Earnings / (Loss) Per Share

Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year including potential equity shares on compulsory convertible debentures. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

v) Share based payments

The Holding Company has equity-settled share-based remuneration plans for the employees of the Group. None of the plans are cash-settled. Where employees are rewarded using share-based payments, the fair value of employees' services is determined indirectly by reference to the fair value of the equity instruments granted. This fair value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example profitability and sales growth targets and performance conditions).

All share-based remuneration is ultimately recognised as an expense in profit or loss with a corresponding credit to equity. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest. Upon exercise of share options, the proceeds received, net of any directly attributable transaction costs, are allocated to share capital up to the nominal (or par) value of the shares issued with any excess being recorded as share premium.

w) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Group is engaged in the business of operating and managing hotels/resorts and providing related services, which constitutes its single reportable segment. Further, the Group derives its entire revenue from services rendered in India. Geographical segments of the Group are Tanzania and India.

x) Financial Instruments

iv. Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

u. Financial Instruments (Cont'd)

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss directly attributable transaction costs. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Classification

- Cash and Cash Equivalents - Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.
- Debt Instruments - The Group classifies its debt instruments as subsequently measured at amortised cost, fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

a. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Group's income in the Statement of Profit and Loss using the effective interest rate method.

b. Financial assets at fair value through Other Comprehensive Income (FVOCI) -

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Group's income in the Statement of Profit and Loss using the effective interest rate method.

c. Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

Equity Instruments

The Group subsequently measures all equity investments (other than the investment in subsidiaries, joint ventures and associates which are measured at cost) at fair value. Where the Group has elected to present fair value gains and losses on equity investments in Other Comprehensive Income ("FVOCI"), there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Group's right to receive payment is established.

At the date of transition to Ind AS, the Group has made an irrevocable election to present in Other Comprehensive Income subsequent changes in the fair value of equity investments that are not held for trading.

When the equity investment is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Retained Earnings directly.

u. Financial Instruments (Cont'd)

De-recognition

A financial asset is derecognised only when the Group has transferred the rights to receive cash flows from the financial asset. Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset

v. Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit or loss directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated. During the years reported, no hedge relationship was designated.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs. Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Group's own equity instruments."

vi. Impairment of financial assets

The Group assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Group recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

vii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

y) Business Combination

The Group uses the “acquisition method” of accounting to account for its business combinations as per which the identifiable assets or liabilities (and contingent liabilities) assumed are recognised at their fair values (with limited exceptions). Goodwill is measured as the excess of the sum of the consideration transferred, the amount of no controlling interests of the acquire, and the fair value of the acquirer’s previously held equity interests in the acquiree over the net of the acquisition date amounts of identifiable assets acquired and the liabilities assumed. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in Other Comprehensive Income and accumulated in equity as Capital Reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as Capital Reserve.

Transaction costs incurred (other than debt related) in connection with a business combination, such as legal fees, due diligence fees and other professional and consulting fees are expensed as incurred. If the Group obtains control over one or more entities that are not businesses, then the bringing together of those entities are not business combinations. The cost of acquisition is allocated among the individual identifiable assets and liabilities of such entities, based on their relative fair values at the date of acquisition. Such transactions do not give rise to goodwill and no non-controlling interest is recognised. Business combinations of entities under common control are accounted using the “pooling of interests” method and assets and liabilities are reflected at the predecessor carrying values and the only adjustments that are made are to harmonise accounting policies. The figures for the previous periods are restated as if the business combination had occurred at the beginning of the preceding period irrespective of the actual date of the combination.

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognized in Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their fair value at the acquisition date. Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer’s previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity’s net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests’ proportionate share of the recognised amounts of the acquiree’s identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS. Business combinations arising from transfer of interests in entities that are under common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders’ equity.

z) Rounding of amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lakhs with two decimals as per the requirement of Schedule II, unless otherwise stated.

aa) Cash and cash equivalents

Cash and cash equivalent in the statement of financial position comprises cash at banks and on hand, demand deposits, short-term deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash, which are subject to an insignificant risk of changes in value.

ab) New standards or other amendments issued but not yet effective

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1 April 2022, Key amendments are as below:

Royal Orchid Hotels Limited**Summary of significant accounting policies and other explanatory information (Cont'd)**

(All amounts are in Indian Rupees (₹) Lakhs, unless otherwise stated)

2. Summary of significant accounting policies (Cont'd)**ab) New standards or other amendments issued but not yet effective (Cont'd)****Ind AS 16 - Property Plant and equipment**

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that related directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

None of the amendments notified by MCA which are applicable from 1 April 2022 are expected to have any material impact on the financial statements of the Group.

6	Goodwill		
	Cost or deemed cost	1,763.97	1,774.70
		1,763.97	1,774.70

Note: The Group tests goodwill for impairment at least annually, or more frequently if events or changes in circumstances indicate that it might be impaired. For the purpose of impairment testing, goodwill, which arose on acquisition of the assets/entities, is allocated to a cash generating unit "CGU" representing the lowest level with the Group at which goodwill is monitored for internal management reporting purpose.

The recoverable value of the CGU is determined on the basis of 'value in use'. The Group determined value in use using the discounted future cash flow approach.

The key assumptions used for the calculations are as follows:

Discount rate: 14-16%

Capitalisation rate: 7-8%

The above discount rate is based on the Weighted Average Cost of Capital (WACC) of the Company. As at 31 March 2022, the estimated recoverable amount of the CGU exceeded its carrying amount. Reasonable sensitivities in key assumptions consequent to the change in estimated future economic conditions on account of possible effects relating to COVID-19 is unlikely to cause the carrying amount to exceed the recoverable amount of the cash generating units.

- iv. **Capital reserve**
Reserves transferred when the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds purchase consideration payable for such acquisition.
- v. **General Reserve**
The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to Consolidated Statement of Profit and Loss.
- vi. **Capital Redemption Reserve**
Capital redemption reserve is created on account of redemption or purchase of the company's own shares. This reserve is utilised in accordance with provisions of the Act.
- vii. **Foreign Currency Translation Reserve**
On consolidation, exchange differences arising from the translation of net investment in foreign entities are recognised in this reserve.

49	Employee benefit plans		
a)	Defined contribution plans		
	The Group makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The Group recognised ₹ 102.51 (31 March 2021: ₹ 74.61) for Provident Fund contributions, and ₹ 22.79 (31 March 2021: ₹ 12.76) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Group are at rates specified in the rules of the schemes.		
b)	Defined benefit plans		
	The Company offers gratuity benefit scheme to its employees in India as per 'The Payment of Gratuity Act, 1972'. Under the act, employee who has completed five years of service is entitled to gratuity benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. (vii)	Sensitivity analysis				
	Description of Risk Exposures				
	Valuations are performed on certain basic set of pre-determined assumptions which may vary over time. Thus, the Group is exposed to various risks in providing the above benefit which are as follows:				
	a. Interest Rate Risk:				
	The plan exposes the Group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of liability (as shown in financial statements).				
	b. Liquidity Risk:				
	This is the risk that the Group is not able to meet the short term benefit payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.				
	c. Salary Escalation Risk:				
	The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.				
	d. Demographic Risk:				
	The Group has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.				
	e. Regulatory Risk:				
	Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (for example, increase in the maximum liability on gratuity of ₹ 20).				
	f. Asset Liability Mismatching or Market Risk:				
	The duration of the liability is longer compared to duration of assets exposing the company to market risks for volatilities/fall in interest rate.				
	g. Investment Risk:				
	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.				
	Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality.				
		Year ended 31 March 2022		Year ended 31 March 2021	
		Increase	Decrease	Increase	Decrease
	Discount Rate (- / + 1%)	357.56	(376.38)	342.79	(362.94)
	Salary Growth Rate (- / + 1%)	375.94	(357.77)	362.60	(342.92)
	Mortality rate (- / + 10%)	366.71	(366.72)	354.54	(352.54)
	Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There are no changes from the previous period in the methods and assumptions used in preparing the sensitivity analysis.				
	There is no change in the method of valuation for the prior period.

51	Capital management		
	For the purpose of the Group's capital management, capital includes issued capital, additional paid in capital and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Group's capital management is to maximise the shareholder value.		
	In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.		
	The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings, less cash.

(ii) The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.	
(iii) The management assessed that for amortised cost instruments, the fair value approximates largely to the carrying amount.	

53	Financial risk management
	The Group activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Group focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Group exposure to credit risk is influenced mainly by the individual characteristic of each customer.
	The Group risk management activity focuses on actively securing the Group's short to medium-term cash flows by minimising the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns.
	The Group does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Group is exposed are described below.

	(A) Credit risk analysis		
	Credit risk is the risk that a counterparty fails to discharge an obligation to the Group, resulting in a financial loss. The Group is exposed to this risk for various financial instruments. The Group maximum exposure to credit risk is limited to the carrying amount of financial assets, as summarised below:		
		As at 31 March 2022	As at 31 March 2021

53 Financial risk management (Cont'd)

A1: Trade and other receivables			
Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, Financial Instruments, the Group uses expected credit loss model to assess the impairment loss or gain. The provision for expected credit loss takes into account available external and internal credit risk factors and Group historical experience for customers.			
An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for customers. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written off if past due for more than 180 days and are not subject to enforcement activity. The Group has evaluated all debts less than 180 days and impairment loss on these debts were not material.			
The allowance/reversal for life time expected credit loss on customer balances for the year ended 31 March 2022 and as at 31 March 2021 is given below:			
		As at 31 March 2022	As at 31 March 2021
Balance at the beginning of the year		326.76	472.42
Impairment loss recognised		4.66	132.13
Impairment loss reversed/ written off		(112.33)	(277.79)
Balance at the end of the year		219.09	326.76

A2: Cash and cash equivalents	
The credit risk for cash and cash equivalents, and derivative financial instruments is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.	
Financial assets that are neither past due nor impaired	
Cash and cash equivalents, advances recoverable, loans and advances to employees, security deposit and other financial assets are neither past due nor impaired.	
Financial assets that are past due but not impaired	
There is no other class of financial assets that is past due but not impaired.	
(B) Liquidity risk	
Liquidity risk is that the Group might be unable to meet its obligations. The Group manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business. The data used for analysing these cash flows is consistent with that used in the contractual maturity analysis below. Liquidity needs are monitored in various time bands, usually on a month on month basis. Long-term liquidity needs for a 360-day lookout period are identified monthly. Net cash requirements are compared to available borrowing facilities in order to determine headroom or any shortfalls. This analysis shows that available borrowing facilities are expected to be sufficient over the lookout period.	

The Group objective is to maintain cash and marketable securities to meet its liquidity requirements for 30-day periods at a minimum. This objective was met for the reporting periods. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and the ability to sell long-term financial assets.

(C) Market risk
The Group is exposed to market risk through its use of financial instruments and specifically to currency risk and interest rate risk, which result from both its operating and investing activities.
(i) Foreign currency risk
The predominant currency of the Group revenues and operating cash flows is Indian Rupees (INR). The Group does not have foreign currency denominated financial assets and liabilities which expose the Group to currency risk.

(ii) Interest rate risk
(ii.a) Liabilities
The Group policy is to minimise interest rate cash flow risk exposures on long-term financing. As at 31 March 2022, the Group is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Group investments in fixed deposits pay fixed interest rates.

	Interest rate risk exposure		
	Below is the overall exposure of the Group to interest rate risk:		
	Particulars	As at 31 March 2022	As at 31 March 2021
	Variable rate borrowing	5,997.16	9,496.84
	Fixed rate borrowing	2,032.51	1,441.93
		8,029.67	10,938.77
	Amount disclosed as current borrowings	818.36	1,513.33
	Amount disclosed under non-current borrowings	7,211.31	9,425.44
	Sensitivity		
	Below is the sensitivity of profit or loss in interest rates.		

Particulars	As at 31 March 2022	As at 31 March 2021
Interest sensitivity		
Interest rates - increase by 100 basis points (100 bps)	59.97	94.97
Interest rates - decrease by 100 basis points (100 bps)	(59.97)	(94.97)
(ii.b) Assets		
The Group fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

55. Contingent liabilities

a. Claims against the Company not acknowledged as debt:

- i. The Holding Company has been named as a defendant in a suit filed in mid 2008 by Kamat Hotels (India) Limited ('the plaintiff' or "Kamat Hotels") with Bombay High Court restraining the alleged use of the trademark of the Holding Company and a relief of a permanent injunction restraining the Holding Company from using the trademark 'Orchid'. The Holding Company had filed an application seeking an interim injunction while the above proceedings are pending. The Bombay High Court vide its interim order dated 05 April 2011, has allowed the Holding Company to continue to operate its current hotels as on that date but has restrained the Holding Company from opening new hotels under the said brand. However, the Division bench of the Bombay High Court vide its order dated 06 May 2011 has partially stayed operation of the said Order and allowed opening of one of Holding Company proposed hotels in Vadodara under the 'Royal Orchid' brand.

During the year ended 31 March 2014, the Holding Company has obtained two favourable rulings from the Intellectual Property Appellate Board ("IPAB"). Kamat Hotels had preferred to appeal the ruling of IPAB in Madras High Court. The Madras High Court has passed orders cancelling the registration in Class 42 of Trademarks Act and the Holding Company has filed a Special Leave Petition "SLP" with the Honorable Supreme Court in 2015. Reply to SLP was filed by Kamat Hotels in the form of Counter affidavit and the Holding Company has filed a Rejoinder in the form of an affidavit. The matter was partly heard by the Honorable Supreme Court in April and May of 2017 and has advised Kamat Hotels to consider the options for settlement by displaying the disclaimers on the Websites regarding the disassociation between the two brands. On 13 February 2018, the Supreme Court dismissed the SLP filed by the Holding Company and consequently, the Holding Company has filed a Chamber Appeal against the said Order which was listed on August 3, 2018. The Chamber accepted the clarification filed by the Holding Company. Therefore, the management believes that the outcome of SLP affects only the registration of the trademarks in Class 42 and does not in any way affect the use of marks by the Holding Company.

- ii. The Holding Company has been named as a defendant in two civil suits on a portion of land taken on lease from the Karnataka State Tourism Development Corporation ("KSTDC") for the operation of the Hotel Royal Orchid Regenta, Bangalore, which is adjacent to the hotel premises. One of the civil suit has been settled in favour of the Holding Company, against which an appeal before the High Court of Karnataka, is pending and in the other matter the Holding Company has an injunction against the other party. Management believes that these cases are not material and will not adversely affect its operations.
- iii. During the prior years, Icon Hospitality Private Limited, a Subsidiary Company had received an Order from Office of the Commissioner of Customs (Export) imposing differential duties and penalties amounting to ₹ 323.36 plus applicable interests for certain alleged violations of the Export Promotion Capital Goods Scheme. The Subsidiary Company has filed an appeal before the Customs, Excise and Service Tax Appellate Tribunal (CESTAT), Mumbai and an unconditional stay in the matter is granted till the disposal of the appeal. Based on a detailed evaluation and independent advice obtained, the management believes that the case will be settled in its favour. Accordingly, these financial statements do not include adjustments, if any, on the above account.
- iv. The Holding Company received tax demand including interest, from the Indian tax authorities for payment of ₹ 504.99 (31 March 2021: ₹ 504.99) for financial years 2008-09, 2010-11 and 2017-18 arising on denial of certain expenditures and disallowances made under section 14A for exempt incomes, upon completion of tax assessment for the financial years 2008-09, 2010-11 and 2017-18. The Company's appeal against the said demands were allowed partially in favour of the Holding Company. Currently, the matter for 2008-09 and 2010-11 financial years are pending before the Income Tax Appellate Tribunal (ITAT) for hearing. And for 2017-18 financial year the hearing is pending before Commissioner of Income Tax (Appeals) [CIT(A)].

The Holding Company is contesting all the above demands and the management believes that the final outcome of all the disputes would be in favour of the Holding Company and will not have any material adverse effect on the financial position and results of operations.

55. Contingent liabilities (Cont'd)

- v. The Holding Company had filed a contempt petition against another party from whom shares of a subsidiary was purchased, for not complying with the consent terms agreed before the Bombay High Court in relation to providing second right of way to the immoveable property held by the said subsidiary in which the Holding Company had made an investment. During the year, the Holding Company has disposed its interest in this subsidiary and accordingly has written back the provision created by the Holding Company amounting to ₹250. While the contempt petition is still being contested, the Holding Company has obtained a legal opinion basis which the Holding Company is of the view that this amount will not be payable

56. Guarantee and Support letters

The Holding Company has given guarantees to financial institutions, banks for loans sanctioned to associate amounting to ₹ 4,500 (31 March 2021: ₹ 4,500).

The Holding Company has given letter of support to its associate (Ksheer Sagar Developers Private Limited) during the current year.

57. Material uncertainty with respect to going concern of a subsidiary

Ksheer Sagar Developers Private Limited ("subsidiary company until 02 March 2022 and associate effective 02 March 2022") incurred a loss of ₹ 33.18 during the year and has an accumulated deficit of ₹ 6,079.19 as at 31 March 2022. The associate company's current liabilities exceed its current assets by ₹ 3,917.57 as on 31 March 2022. While these factors would normally indicate the existence of a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern, the Company is taking steps towards improving operating cash flows through term loan restructuring plan for improving operating cash flows through cost synergies, exploring avenues of enhancing revenues, operational and financial support from its shareholders. The Company is confident of improving and maintaining sustainable operating cash flows and accordingly the financial results of the associate company is prepared and presented on a going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business.

63. Other Statutory Information

- a. The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
 - i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - ii. provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- b. The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
 - i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - ii. provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c. The Group has reviewed transactions to identify if there are any transactions with struck off companies. To the extent information is available on struck off companies, there are no transactions with struck off companies.

64. Impact of COVID-19 on the operations of the Group

The COVID-19 pandemic has impacted and continues to impact hospitality industry due to lockdown, travel bans, quarantines and other emergency measures resulting in reduction in occupancy of hotels and average realization rate per room. The Group's business has been impacted during the year on account of the second wave of COVID-19 during the first three months and a third wave in the last quarter. Whilst there has been a second and third wave of the COVID-19 pandemic during the year where the Group operates, there has also been increased vaccination drive by the Government and with the unlocking of restrictions, the Group witnessed a recovery in its demand especially in its leisure destinations and business is expected to gradually improve.

The Group has also assessed the possible impact of COVID-19 in preparation of the consolidated financial statements, including but not limited to its assessment of liquidity and going concern assumption, recoverable values of its financial and non-financial assets and impact on revenues and costs. In evaluating the impact of the COVID-19 pandemic on its ability to continue as a going concern and the possible impact on its financial position, management has used the principles of prudence and exercised judgements in estimating occupancy rates and average room rate per hotel while developing cash-flow forecasts. Towards this objective, the management is implementing various initiatives like rationalizing costs, negotiating rent waivers, negotiating extended credit terms with suppliers and lenders, availing term loan moratorium from banks, building efficiencies in collections and taking various initiatives to improve revenues. The Group believes that with a combination of the above mitigation plans, it would be able to recover its assets and meet all its obligations in the normal course of business. Accordingly, the management believes that the Group will continue as a going concern.

Management has used internal and external sources of information upto the date of approval of these consolidated financial statements in determining the recoverability of property, plant and equipment, investments and other financial assets, and trade receivables as at 31 March 2022. The impact of the global health pandemic may be different from that estimated as at the date of approval of these consolidated financial statements given the uncertainties associated with its nature and duration. The Group will continue to monitor any material changes to future economic conditions and any significant impact of these changes would be recognised in the consolidated financial statements as and when these material changes to economic conditions arise.

65. Previous year comparatives

Prior period figures have been regrouped/ reclassified, wherever necessary, to conform to the current periods' presentation and to comply with the requirements of the amended Schedule III to the Companies Act, 2013, effective 1 April 2021.

66. Approval of Consolidated Financial Statements

The consolidated financial statements were approved for issue by the Board of Directors on 30 May 2022.

See accompanying notes forming part of these consolidated financial statements.

3. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC / OAVM. Corporate members intending to authorise their representatives to participate and vote at the AGM are requested to send a duly certified copy of the board resolution authorizing their representatives to attend and vote on their behalf at the AGM to the Scrutinizer at the email address gsp@grapilind.com and to the Company at the email address cosec@royalorchidhotels.com.
4. The Members can join the AGM through VC / OAVM mode 30 minutes before and 15 minutes after the scheduled time of the commencement of the AGM by following the procedure mentioned in the Notice.
5. The Statement pursuant to Section 102 of the Companies Act, 2013 (Act) and details of Directors to be re-appointed, in respect of the business as set out in the Notice is annexed hereto. None of the Directors / Key Managerial Personnel / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 1 and 2 of the Notice except in item No. 2 where Mr. Sunil Sikka [along with his respective relatives i.e. Mr. Chander K. Baljee (Brother-in-Law) and Mr. Keshav Baljee (Son of Mr. Chander K. Baljee)] may be deemed interested/concerned. The Board recommends the Item Nos. 1 & 2 of the Notice for approval by the members by Ordinary Resolution.
6. In case of joint holders, the member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
7. The Register of Directors and Key Managerial Personnel of the Company and their shareholding maintained under Section 170 of the Act, the Register of Contracts and Arrangements in which Directors are interested maintained under Section 189 of the Act and all other documents referred to in the Notice will be available for inspection in the electronic mode upto the date of AGM of the Company and will also be available electronically for inspection by the Members during the AGM. Members seeking to inspect such documents can send the e-mail to cosec@royalorchidhotels.com.
8. In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the Listing Regulations, and the MCA Circulars, the Company is providing facility of remote e-voting to its Members through Central Depository Services (India) Limited ("CDSL") in respect of the business to be transacted at AGM. The facility of casting votes by a member using remote e-voting as well as e-voting system on the date of the AGM will be provided by CDSL. Members of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. 16th September 2022, may cast their vote either by remote e-voting as well as e-voting system as on date of AGM. A person who is not a member as on the cut-off date should treat this Notice for information purpose only. The information with respect to voting process and other instructions regarding e-voting are given in detail in this Notice.

9. The Notice of 36th AGM and the Annual Report of the Company for the year ended 31st March, 2022 is uploaded on the Company's website www.royalorchidhotels.com and may be accessed by the members and will also be available on the website of the Stock Exchanges i.e. BSE Limited at www.bseindia.com, National Stock Exchange of India Ltd at www.nseindia.com and on the website of CDSL. Copies of the above documents are being sent by electronic mode to the members whose email addresses are registered with the Company / Depository Participant for communication purposes. Those members who are interested in receiving the physical copies of the Annual Report may send an email mentioning their DP Id and Client Id/Folio No. to cosec@royalorchidhotels.com for delivery of hard copy of the Annual Report at the registered address available with the Company/Depository Participant. Pursuant to the relaxations given by MCA and SEBI this notice is being dispatched via E Mode only.
10. Mr. G Shanker Prasad, Practicing Company Secretary (Membership No. 6357) has been appointed as the Scrutinizer for providing facility to the members of the Company to scrutinize the voting and remote e-voting process in a fair and transparent manner.
11. The Scrutinizer shall submit a consolidated Scrutinizer's Report (votes casted during the AGM and votes casted through remote e-voting) of the total votes cast in favour of or against, if any, not later than three days after the conclusion of the AGM to the Chairman of the Company. The Chairman, or any other person authorised by the Chairman, shall declare the result of the voting. The result declared along with the consolidated Scrutinizer's Report shall be simultaneously placed on the Company's website <https://www.royalorchidhotels.com> and on the website of CDSL and communicated to the BSE Limited & National Stock Exchange of India Limited.
12. The resolution shall be deemed to be passed on the date of AGM, subject to the receipt of sufficient votes.
13. Members seeking any information or clarification on the accounts or any other matter to be placed at AGM are requested to send written queries to the Company on cosec@royalorchidhotels.com, at least 10 days before the date of the meeting to enable the management to respond quickly.
14. SEBI vide its circular dated 8th June, 2018 amended Regulation 40 of the Listing Regulation pursuant to which requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form. Members holding the shares in physical form are requested to dematerialize their holdings at the earliest as it will not be possible to transfer shares held in physical mode. Further, dematerialization would facilitate paperless trading through state-of-the-art technology, quick transfer of corporate benefits to members and avoid inherent problems of bad deliveries, loss in postal transit, theft and mutilation of share certificate and will not attract any stamp duty. It also substantially reduces the risk of fraud. Hence, we request all those members who have still not dematerialized their shares to get their shares dematerialized at the earliest.
15. SEBI vide its circular dated 20th April 2018, directed all the listed companies to record the Income Tax PAN and bank account details of all their shareholders holding shares in physical form. All those shareholders who are yet to update their details with the Company are requested to do so at the earliest.
16. Pursuant to Section 72 of the Companies Act, 2013, members holding shares in physical form may file nomination in the prescribed Form SH-13 and for cancellation / variation in nomination in the prescribed Form SH-14 with the Company's RTA. In respect of shares held in demat form, the nomination form may be filed with the respective Depository Participant.
17. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participant with whom they are maintaining their demat accounts and members holding shares in physical form to the Company / RTA.
18. With a view to conserve natural resources, we request Members to update and register their email addresses with their Depository Participants (DPs) or with the Company, as the case may be, to enable the Company to send communications including Annual Report, Notices, Circulars, etc. electronically. Members holding shares in Physical mode may register their email id by providing necessary details like Folio No., Name of Member(s) and self attested scanned copy of PAN card or Aadhar Card by email to cosec@royalorchidhotels.com.
19. Since the AGM will be held through VC / OAVM in accordance with the MCA Circulars, the route map, proxy form and attendance slip are not attached to the Notice.
20. **Voting through electronic means**

(The Details of E-voting instructions are also available in the website of the Company i.e. <https://www.royalorchidhotels.com/>)

1. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
2. The Members can join the AGM in the VC/OAVM mode 30 minutes before and 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at-least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
3. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
4. Pursuant to MCA Circulars, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
5. In line with the Ministry of Corporate Affairs (MCA) Circulars, the Notice calling the AGM has been uploaded on the website of the Company at <https://www.royalorchidhotels.com/>. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. (www.evotingindia.com).
6. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with applicable MCA Circulars.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on 24th September, 2022 at 09:00 A.M. and ends on 26th September, 2022 at 05:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 16th September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to aforesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:
